The Big Wheel

Our area that we live in is just like a wheel. The spokes of our wheel are like the roads that go out to all of our neighboring communities and which join us together as one. Our school system is made up of the towns; Burkettsville,

New Weston, St. Wendelin, Carthagen, Cranberry and St. Henry. The very hub of the wheel is St. Henry where each day all of the kids gather together to make our school what it is. We all contribute in some way. It's just like the

wheel when it moves or breaks down it affects the whole wheel. In our community it works the very same way. All of the surrounding communities come together to form what we know as "The Big Wheel".

1. This up and coming athlete shows some of his talent as he works out on the balance beam.

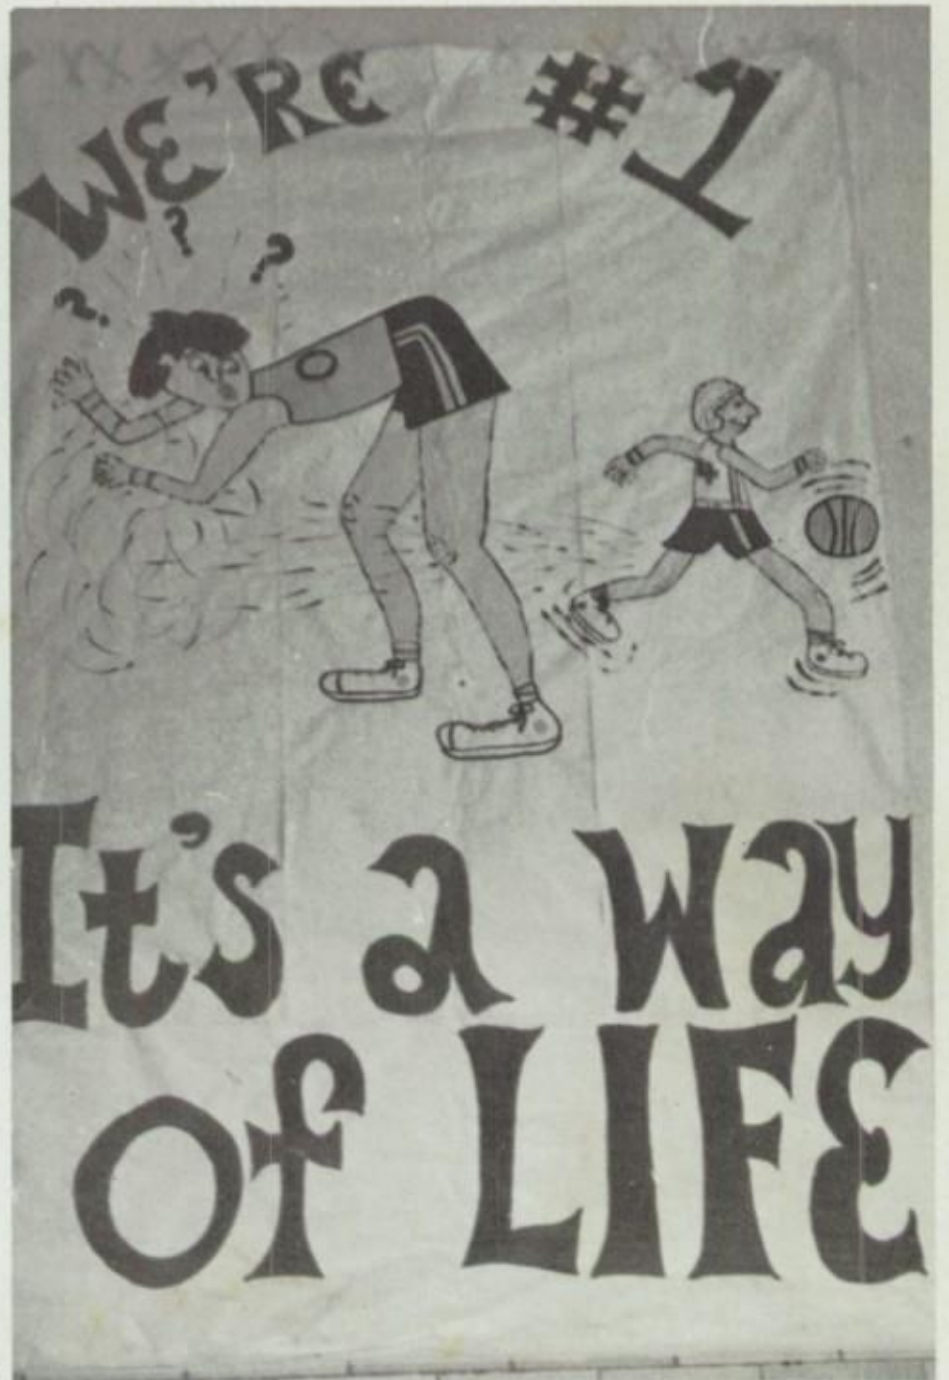

2. The Football Team gets really psyched as Coach Shively gives his pep talk.

3. These Sophomore boys are really getting crazy as they clean up after Homecoming.

During the Homecoming Dance Diann Evers decides to join the band as she jumps on stage and does her thing.

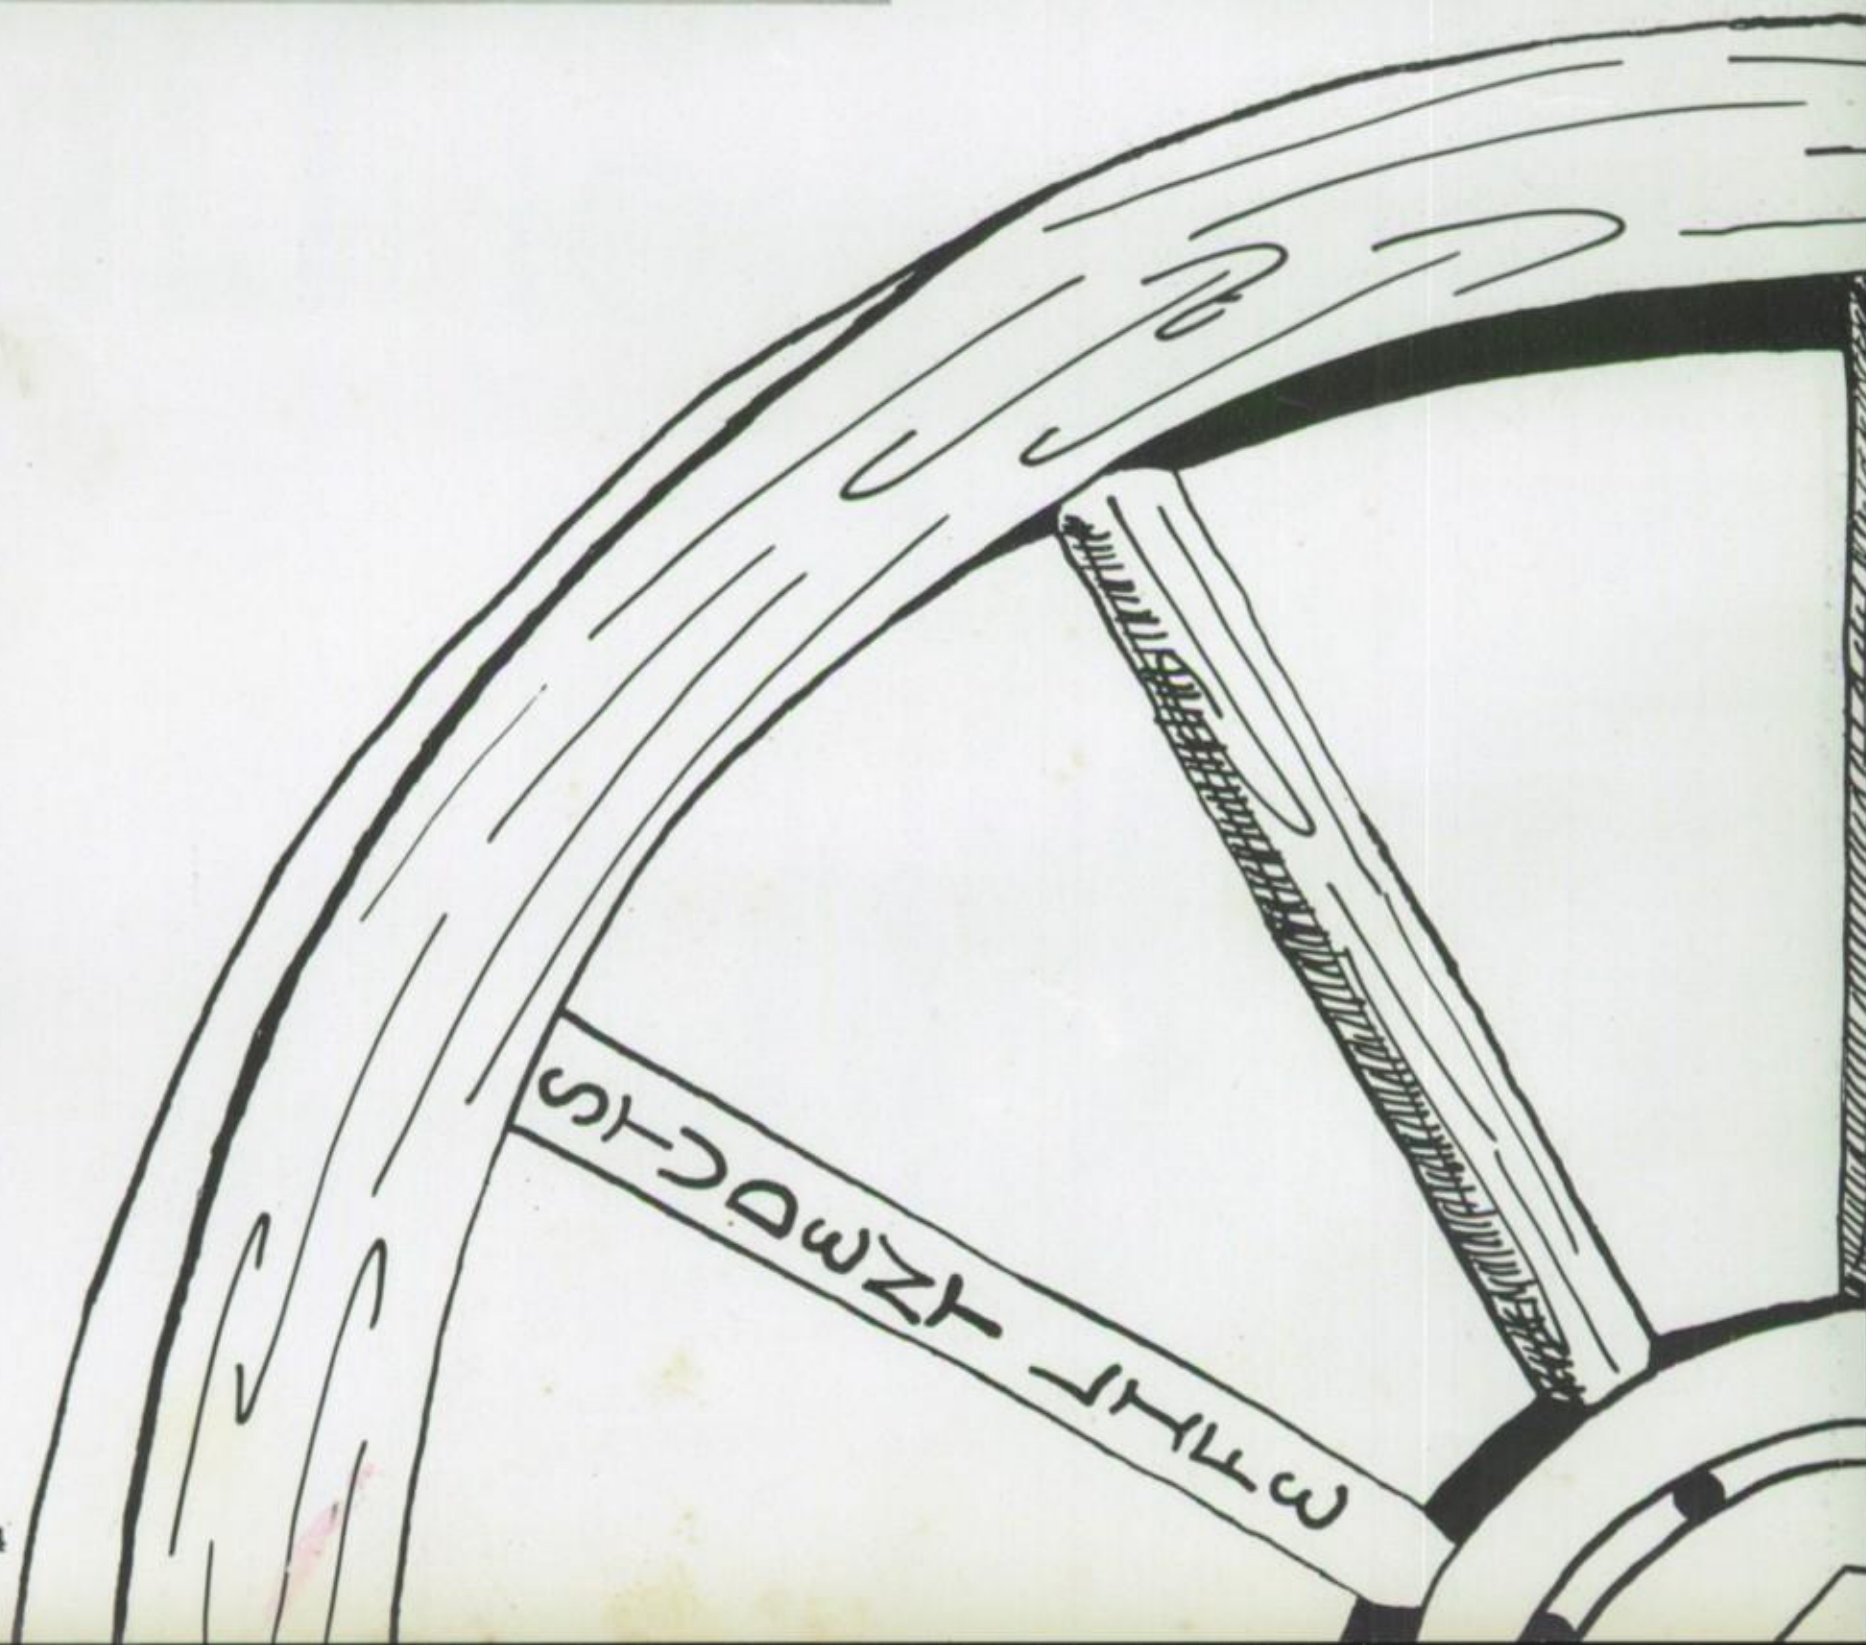

This is just one of the many signs the cheerleaders made to promote spirit at S.H.H.S.

This is just a small part of a great bunch of fans who help to support our athletic teams.

A panel of rookie judges, Mr. Larry Thompson, Mr. Gary Bertoline, and Mr. Robert Thompson, seem to be amused by the latest fashion in the evening wear competition.

Senior, Jim Post, is all smiles when he receives his award for "most likely to be caught parking".

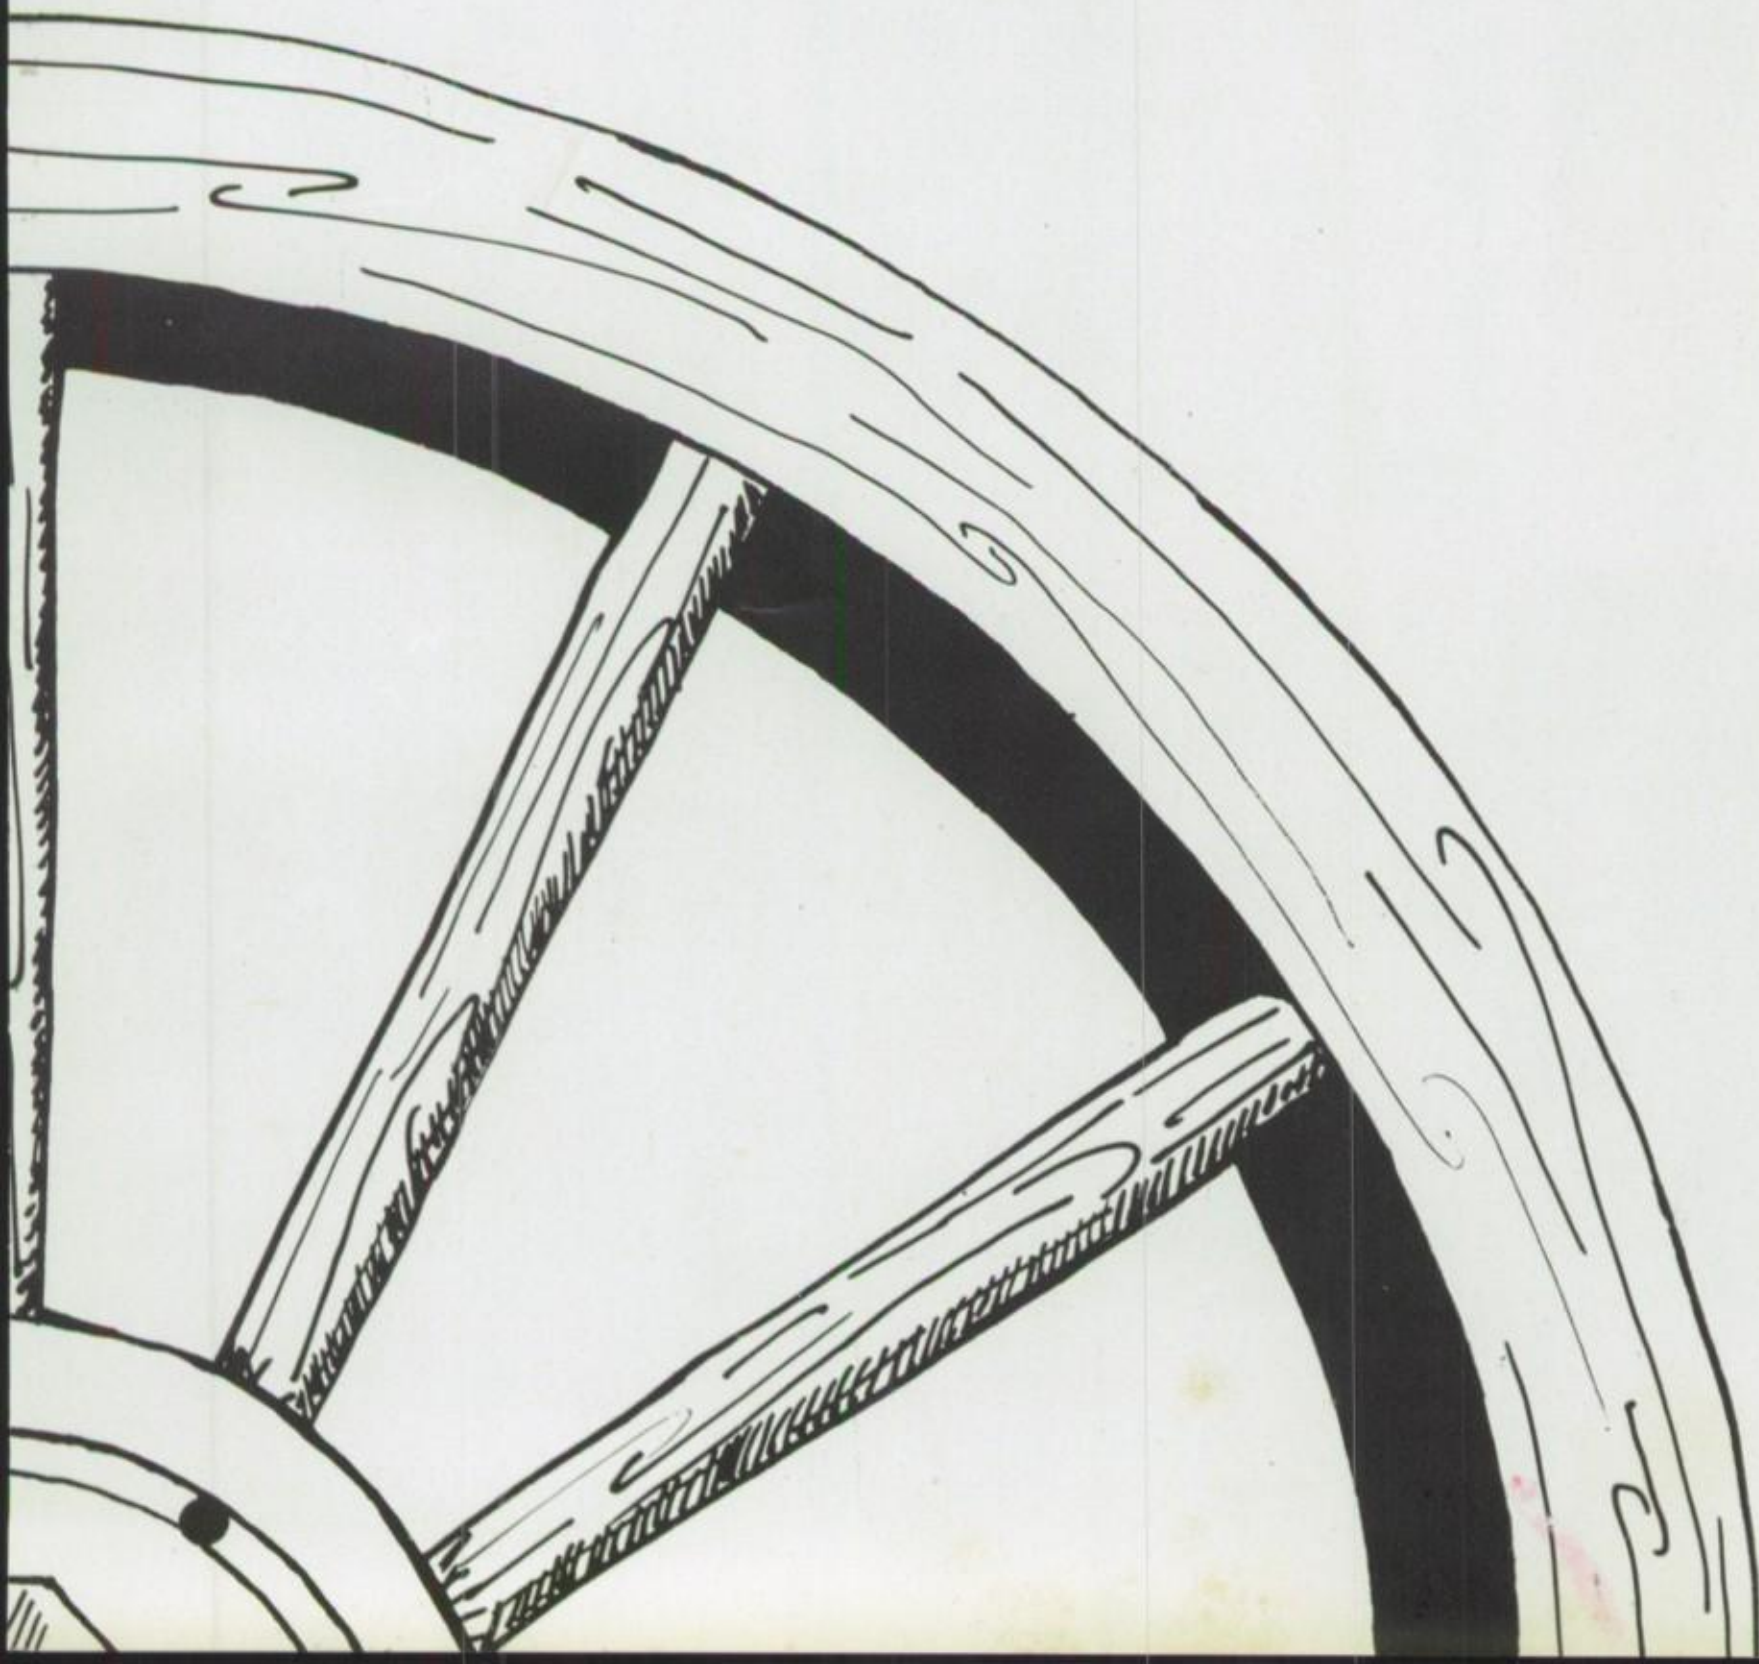

After all of that hard marching, Chris Lefeld and Ron Lange take time out to rest.

S.H.H.S. has many specialities. In the beginning of the year there is the annual Homecoming Dance with all of the celebrating and the football game held the night before. The Junior and Senior Prom is the most formal event held and is especially exciting for the seniors.

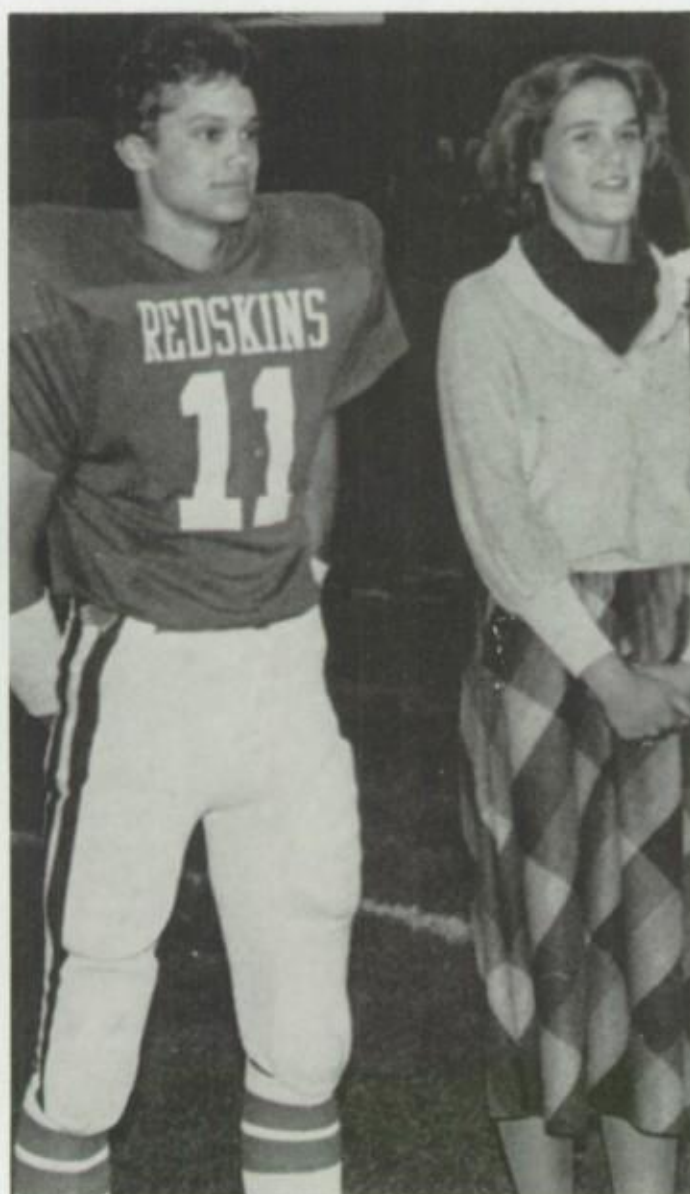

There just isn't all of the glamour of going to dances, but the students work hard by preparing for concerts, art shows, industrial arts shows, and county fairs. The students life is filled by making sure all of their events are successful.

Pregame Anxieties of Homecoming

Karin Lachey and escort Gary Will look on while awaiting the crowning of the Homecoming Queen.

Peg Cahill has a big smile for the camera after walking up the field. Peg represented the Freshman class in the Homecoming Court.

Co-Captain Mike Post and Senior Attendant Jacqui Romer greet the crowd with a big smile during the pre-game ceremonies.

Sandy Will, Junior Attendant, receives her charm from hostess Kathy Bruns during the pre-game festivities.

Jeanette is being escorted in the Corvette during the Homecoming parade.

The annual parade kicked off the homecoming festivities. Each class participated by having a float. Some of the clubs also entered floats in the parade with music for the entire parade supplied by the St. Henry Marching Band. A prize was awarded for the best float with the Junior Class winning the honor.

The parade led us to the football field where

The overwhelmed Homecoming Queen, Deb Sieftring.

the crowning ceremonies took place. Each of the girls in the court represented her respective classes. At the point, last year's Queen, Sandy Schwieterman, crowned Deb Sieftring as the Homecoming Queen of 1978. To top the evening off, the St. Henry Redskins defeated the New Breman Cardinals (40-13).

The moment has arrived! The astonished Deb Sieftring is crowned Homecoming Queen of 1978 by last year's Queen, Sandy Schwieterman.

Marv Kremer, Queen Deb Sieftring, Gary Will, Karin Lachey, Doug Romer,

Jeanette Bruns, Jeff Bruns, and Sandy Schwieterman.

Moonlight and Roses

Moonlight and Roses was the perfect setting for this year's Homecoming Dance. The gym was beautifully decorated to fit the mood of the evening. There was a very elaborate centerpiece in the middle of the dance floor that was the center of attention.

The great music was provided by the band, Primo. Everyone really had a fantastic time dancing to the band's good beat.

During the middle of the dance Queen, Deb Siefring and her court were asked to come to the front of the gym for pictures. Queen Deb received her royal kiss from Marv Kremer, her escort. The rest of the court thought they should join in the fun, so they each received kisses from their escorts.

The evening came to a swift end with everyone leaving the dance and going on to other parties. The dance was a perfect way to end a really great Homecoming weekend.

1. The prize winning Junior Class float is being pulled by some of the class members during the annual Homecoming weekend.

2. Escort, Marv Kremer, has his head bowed in silent prayer hoping that Senior Attendant, Deb Siefring, is crowned queen.

3. By the look on Deb Siefring's and Mr. Thompson's faces you can tell there is something amusing ahead.

4. The crowd is boogieing down at the very "crazy" Homecoming Dance.

Stepping High in Style

This years Marching Band season has been one of the most successful in a past few years. The band started out with a disappointing finish of third at the Darke County Fair competition. The band then moved onto bigger and better things by capturing four prize winning trophies at the Columbus West Showcase.

Jacqui Romer is standing at attention while Lisa Feliciano is beginning her marching maneuver.

The biggest accomplishment of all was defeating Arcanum at the Mid-West Invitational. They also received the top honors in Class B at the contest. After having already participated in the Mercer County Fair, the band was then asked to play at the Van Wert Fair.

Brenda Schwieterman bows her head in deep concentration while anticipating the next marching maneuver.

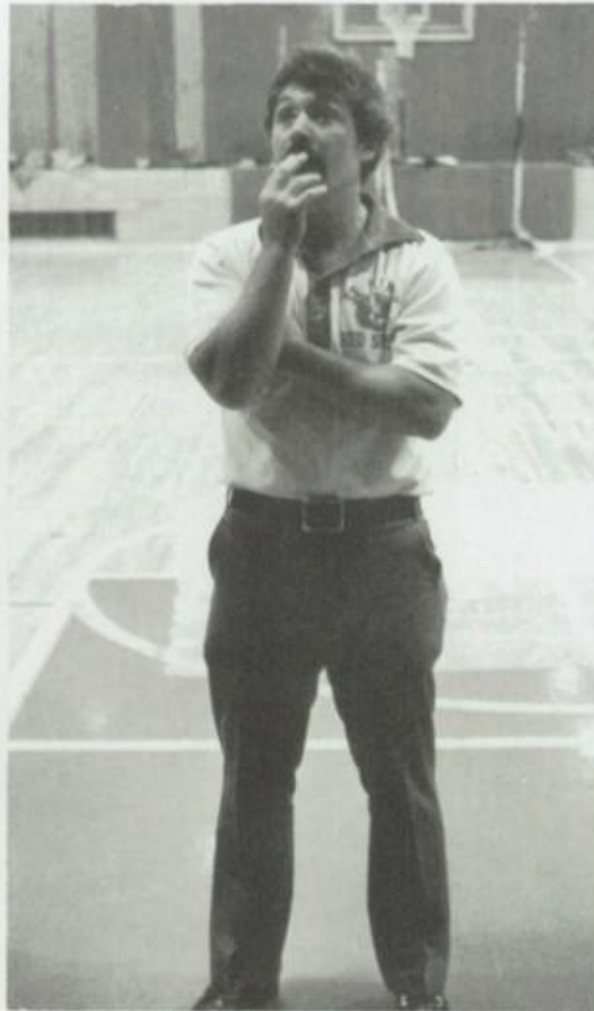

Band members Steve Sieftring, Kim Westgerdes, and Nick Stahl are shown working hard getting ready for the marching band season.

It proves that band directors work hard all year around. Mr. Jacobs is shown directing the band during this year's band camp.

The low brass section of the band is shown while playing during the band camp.

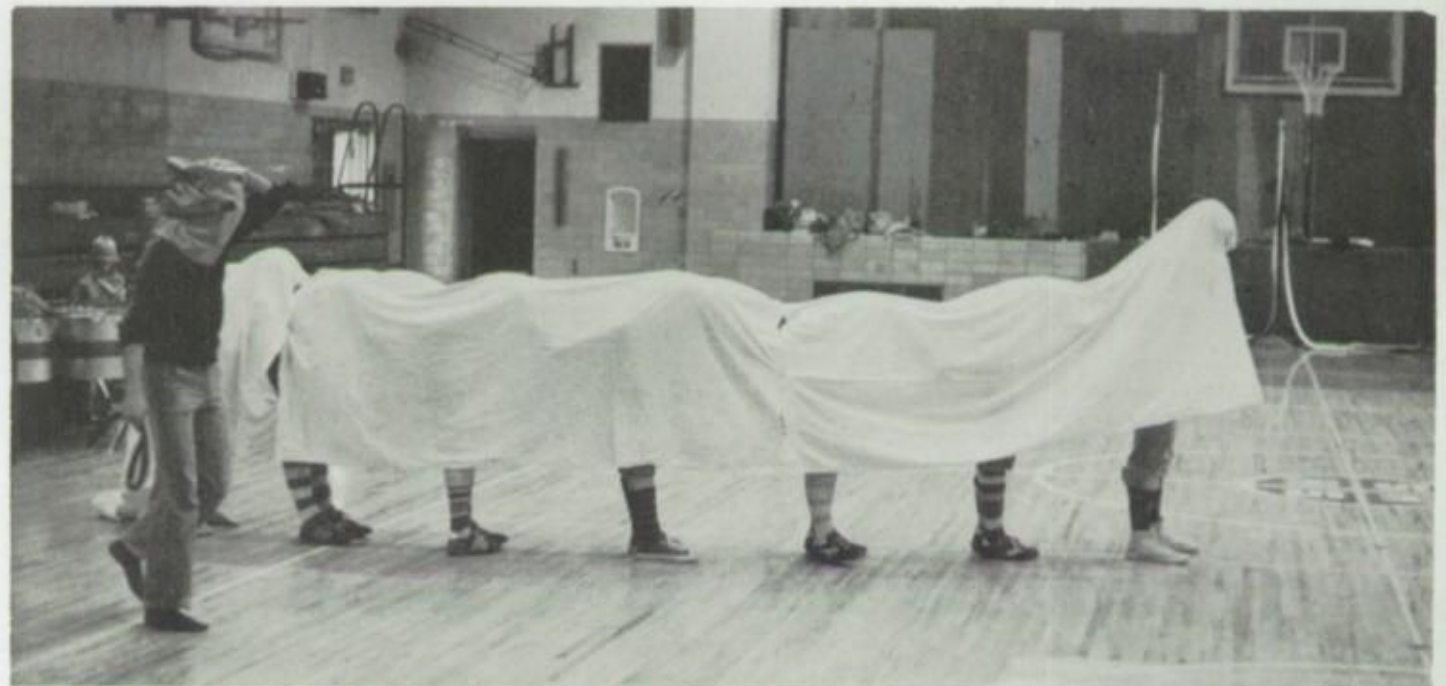

Head Football Coach, Mr. Shively, talks over the up coming game with the student body during a pep rally.

Coach Guilbault introduces some of the players and has some encouraging remarks for the game.

Kathy Bruns displays Randy Heitkamp's "Loose Look" in a "T" pose for teamwork to get some spirit moving.

St. Henry's giant centipede is out looking for the opposition, which better look out because the big S.H. is after them.

"Redskin Mania"

One of the best ways to get the fans spiced up before a game is to have a pep rally. A pep rally during the afternoon of the game really gets everyone going. The

skits are always great and always have a cute idea behind them. This is just one of the ways S.H.H.S. gets prepared to "go nuts" at the game.

The band gets the crowd going by playing the school song during one of the pep rallies.

Head Cheerleader, Jacqui Romer, gives the student body an introduction for the next skit.

Here we have Lori Sutter modeling Gary Will's night time attire.

Next, we have Linda Homan wearing Chuck Stahl's more casual evening wear.

Pictured are some of the great signs the cheerleaders made to hang up in the gym to promote some spirit.

Sport Banquets . . .

After each season, each sport has their annual banquet. Every parent, athlete, manager, and statistician are invited to attend. A chicken dinner is served over in the Elementary gym, and the awards are presented in the high school gym. This is where each athletic team gives each member of the team their award. Also, each coach gives a "run down" on the years events. These banquets are always rewarding for the play-

ers and is a nice way to end the season.

The award winners in each sport are as follows:

FOOTBALL; Mike Post (MVP), Marv Kremer (Most Improved), Gary Will (Kent Rehm Award).

GOLF; Doug Wehrkamp (MVP), Jim Niekamp (Most Improved).

CROSS COUNTRY; Ron Gelhaus (MVP), Tom Hemmelgarn (Most Improved).

VOLLEYBALL; Lori Schwie-

terman (MVP), Kathy Bruns (Most Improved).

BASEBALL; Mike Post (MVP), Steve Lefeld (Best Defensive), Bruce Miller (Best Offensive).

BOYS TRACK; Dave Huwer (MVP), Tim Braun (Best Field), Dave Huwer (Best Runner).

GIRLS TRACK; Ruth Brunswick (MVP), Lori Schwieterman (Best Field), Peg Cahill (Best Runner).

... And All The Hardware

Winning a state tournament is a feeling that will be cherished in our hearts for probably as long as we live. It takes talent, a lot of dedication on the part of the team, and being able to handle yourself under pressure. We not only did that once by winning the *State Basketball Championships*, but twice. Tim Braun captured the *State Discus Thrower Championship* at Columbus this past spring. Sportswise, we made our mark on the map in 1979 not only once, but twice.

The award winners at the basketball banquet were:

BOYS BASKETBALL; Mike Post (MVP), Gary Barlage (Most Improved), Randy Heitkamp (Best Defensive).

GIRLS BASKETBALL; Brenda Langenkamp (MVP), Paula Frilling (Most Improved), Brenda Langenkamp (Best Defensive).

AWARD WINNERS: Nick Stahl, Sharon Will, Judy Nieport (John Phillip Sousa), Lisa Stahl, Sharon Will.

Our concert band is directed by Mr. Tom Jacobs. The concert band season begins rehearsals after the marching season is over. Their first performance is usually a Christmas concert to the school. The band then begins extensive rehearsals to get ready for it's district band contest. This year the band received an excellent rating of a two. Next, the band prepares for their spring concert. This year's concert was a success with also the Jr. High band playing before the concert band. To end the season, the band has it's annual banquet, where Mr. Jacobs honors the Seniors and hands out the *John Phillip Sousa Award*. This year Judy Nieport received the award. We wish the band luck and a lot of success in the future.

Donna Goettemoeller, Lisa Stahl, Judy Nieport, Diane Bruns, Karin Lachey, Mr. Jacobs.

Come Sail Away

It takes a lot of hard work and preparation to have a good prom. The Junior class really worked hard the night before prom getting all of the decorations ready, tables set up and making sure everything worked smoothly.

The banquet was a big success. Everyone enjoyed their meal and really liked all of the

decorations. The wills and prophecies were read by Doug Wehrkamp and Shelley Guilbault, they were also voted the biggest clowns out of the senior class. After the banquet, the Senior Class President thanked the Junior Class for everything.

Next came the highlight of the evening, the Prom dance.

The music was provided by Interstate Unlimited. Everyone really had a good time and enjoyed the music. The King and Queen were crowned, with Mike Post and Deb Siefring winning the honors. The dance was a perfect way to end a very nice evening. It was a nice way for the Seniors to end their last prom.

Looks Like We've Made It

Without the Senior class, what would a high school be like? That's why every time a class graduates you feel like a little bit of the school goes with them.

"We have the power to make this the best generation or the last" This was the seniors' class motto which described the determination of the class to make their mark in this world. With the help of the senior advisor Mr. Robert Miller the seniors tried to make some changes. They tried to get a senior dance started and, they also changed the graduation ceremonies by having the band

play. Also, for the first time, a color composite of the senior class is hanging in the main hall. For the seniors' class flower they chose a blue tinted rose. Their class colors were blue and gold.

Well, if anything else, the Class of '79 has made their mark at S.H.H.S., sportswise and academically. They have brought togetherness that will never be forgotten. As they walk out of the gym for the last time as a member of St. Henry High, they look back on the memories with others, and look ahead toward the future and its challenges.

1. The big smiles of the graduates show there true feelings.

GOOD LUCK CLASS OF 1979

The Seniors await the big moment as they stand in the high school gym for the last time as members of S.H.H.S.

After the baccalaureate procession out of church Diane Bruns has a big smile with the graduation ceremonies half over.

1. Jim Hartke is congratulated by Mr. Brophy on being honored as Valedictorian of his class. Donna Goettemoeller received the honor of being Salutatorian.

2. One of the two class speakers, Donna Post, gave a very inspiring speech to her senior class.

3. Henry Chavez and Beth Wehrkamp look very happy as they leave the church.

There are a lot of very special people who make up our school. Each person has something to contribute to make our school what it is. There are the young and old. Everyone is struggling to make the school year better than the last.

The cooks, janitors, and secretaries work hard all school year to make sure everything gets done; from cleaning the school and cooking our noon lunches to filing all of the business forms. Without them there are a lot of things that just wouldn't get done.

Of course we couldn't forget our administration and teachers. They work hard trying to establish discipline and set a good example. The teachers grade all of our test and make sure report cards are handed out on time.

The most important of all are the students; they all come to get an education. Maybe they are the biggest complainers, but they work hard to get their schooling. When they finally reach being a senior, they get what they have worked for, a high school diploma.

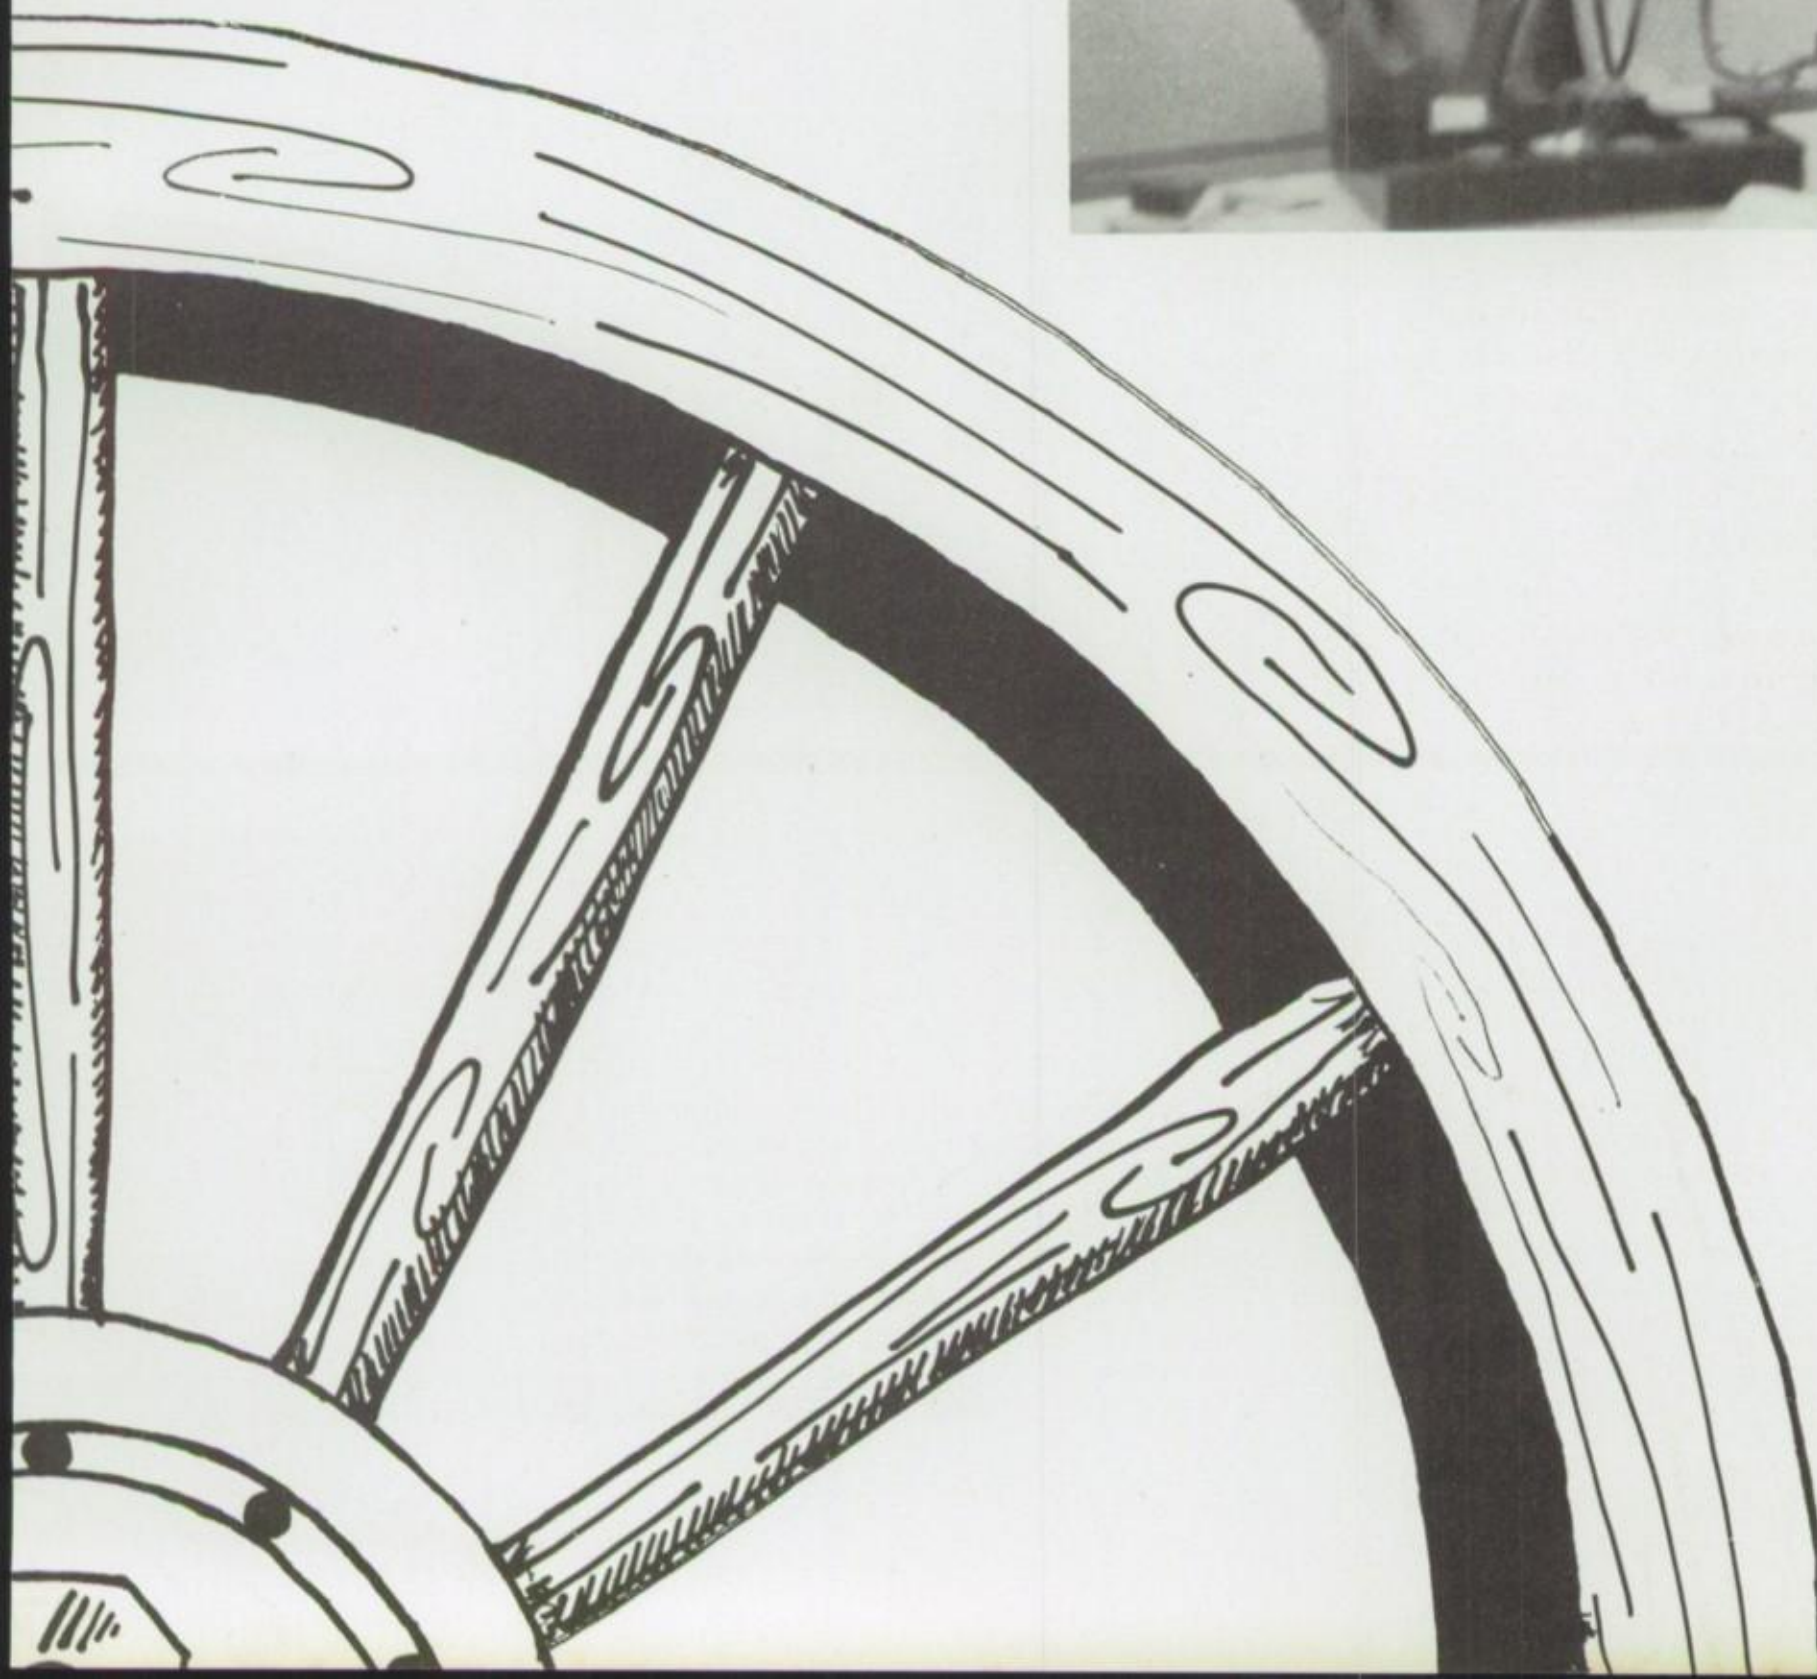

Together all of these people make up our school and they all are very SPECIAL PEOPLE.

Some of our high school students, Sandy Will, John Brophy, and Lori Sutter, really got creative with their sign when Lyle Stieg came to town.

Here younger students show great participation as they all raise their hands to get called on.

Our high school principle, Mr. Brophy, is shown answering the phone which is just one of his small task.

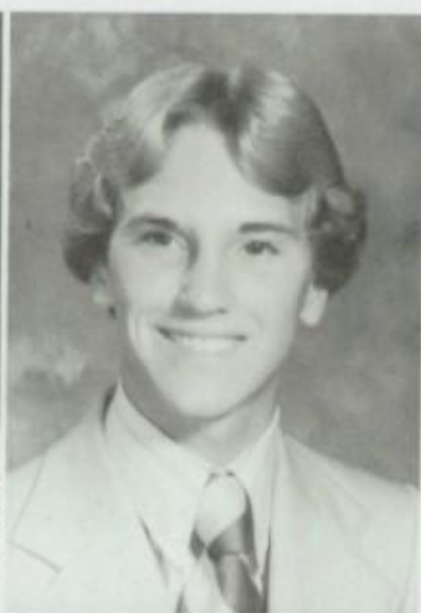

The Graduates Of 1979

As we look over our years at St. Henry High, we find that there are many memories that will forever be cherished in our hearts. All the way from our

frightening first day as a freshman to the day that we received that long-awaited diploma, each and every day brought something

new and exciting.

Who will ever forget all the trying times as a freshman or the good feeling of putting on your

class ring as a sophomore. Being a junior brought the big event of going to the prom and finally the day of graduation came when you entered that gym for the last time as a member of St. Henry High.

There are memories that can never be forgotten or replaced. There were the good days and the bad days; the happy times

and the sad times, and of course the Monday mornings and the Friday afternoons. But no matter what barriers ever came that we had to face up to, we somehow broke through and came out on top.

Reflecting upon the last four years of our life at St. Henry High, we can see how we have grown and matured into young

adults. What lies ahead of us is unknown and filled with many unanswered questions and far-reaching dreams, but with the guidance and help that we have received from our experiences at St. Henry High, we will have the ability to answer those dreams, for we have graduated from St. Henry, and we know we can do it.

Rosburg-A-Disco Attendants

The annual get together of the Seniors, which is held at Rosburg, took place again this year. Every year they choose an attendant from each Senior class in the area to represent their school. This year the annual Rosburg-A-Go-Go was changed to a more fitting title. Since disco has become the latest *fad* to most teenagers, they decided to change the Rosburg-A-Go-Go dance to Rosburg-A-Disco.

When thinking of disco you usually picture a couple dancing to the Latin Hustle, New York Tango, or something of the sort, right? Well, to get the couple effect, this year they chose a disco king and queen from each school in the area. Representing our school were Mike Post and Lisa Slusser.

The dance was held on April 27, 1979, which just happened to be the same night as our prom. Having the two dances on the same night made it difficult for our school to be represented at the Rosburg-A-Disco Dance. We thank Mike and Lisa very much for taking time away from prom to represent our school at Rosburg.

Exchange Student From Greece

Having an exchange student in our school is an exciting experience for not only the foreign student, but also the students, teachers, and our small community.

The students, teachers, and the people in our community learn about the different trades, speech, and ideas of the student. By having an exchange student you also learn about the sur-

roundings of the student and the different life styles. Many students found out, from talking to our exchange student, that going to school over seas is a lot more difficult, not to mention that most of the students over seas have to go to school six days instead of five. Can you imagine going to school every Saturday, too?

Our exchange student this year

was Ritca Kzounia who came from a small town in Greece. Ritca added much excitement to our classes. She was involved in the Spanish Club during her stay here.

Mr. Al Homan and his family took care of Ritca during her stay here. Thank you for spending the past year with us. We hope it was a memorable experience for you.

Three down . . .

one to go

John Brophy likes school so much that he even worked their this summer.

This year has been full of excitement for the Juniors. They have been preparing for their Senior year and for the traditional send off of the Senior Class as they prepared for the prom. As the school year passed by, they concentrated on their future occupation.

Whether the college world or the business world. As they look back on their three years of high school they can now see the progress they have made through the years. But just wait, they'll be back next year running the show for S.H.H.S.

Stuck In The Middle

This year was a little easier for the Sophomores to adjust to compared to the previous year. They now know what is expected of them in high school and try to live up to

those expectations. As usual, the Sophomores ordered their class rings this year which was one of the many big decisions made, and many contributed

to the Homecoming dance and parade. They await the time that is ahead of them to participate in prom, future plans, and graduation.

Our First Big Step

Since Judy Siefring likes to clown around so much, she decided she might as well look like one too.

Well, you finally made your big step up in the world ... your high school years have come before you. This year the Freshman had to learn the trades of the high school, compared to that of the Jr. High. They were also involved in the many sports activities available in the high school. The wonder of what the high school would be like is all behind them now. All in all, they learned that high school is fairly easy to adjust to.

As you can see Jerry Stahl got a little carried away when building up his chest muscles for football.

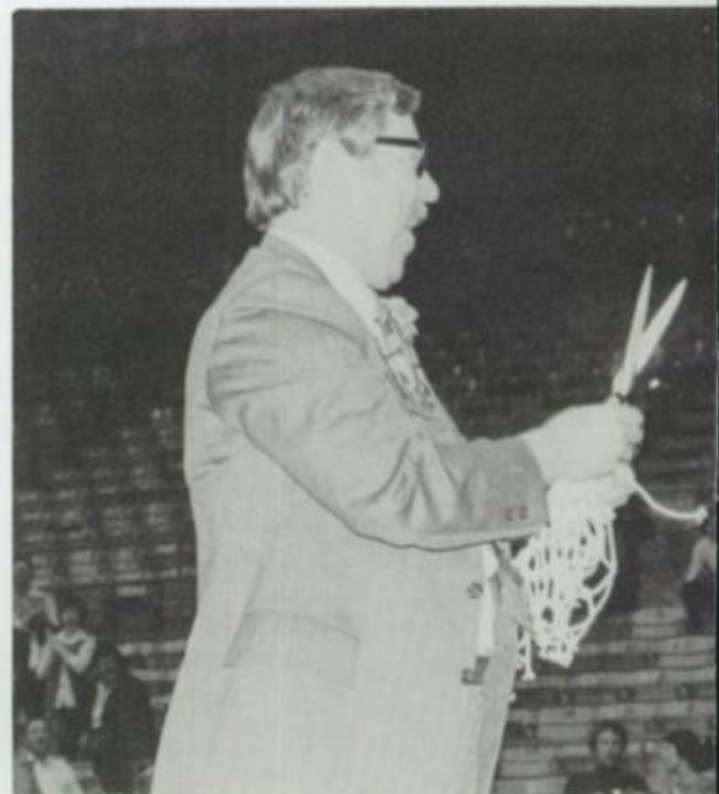

At The Top

The faculty at S.H.H.S. plays a very important role in our school system. The teachers not only teach the students reading, writing, and arithmetic, but they also help the students with their problems every day. These teachers also help the principals keep discipline in the schools. The principals of our schools did a very fine job this year. We'd especially like to thank our high school principal, Mr. Art Brophy, for being here at St. Henry for all these years.

What would the school system be like without our secretaries? With Mrs. Froning helping out our

counselor, Mr. Bruns; Mrs. Woeste over in the Elementary, and Mrs. Bertke taking care of most everything else is a great help to everyone in our school system.

Jr. High principal, Mr. Jim Dippold, is very busy as he talks on the telephone. Even with all the pressures that a high school principal has, Mr. Brophy still has a big smile as he takes down the state tournament net.

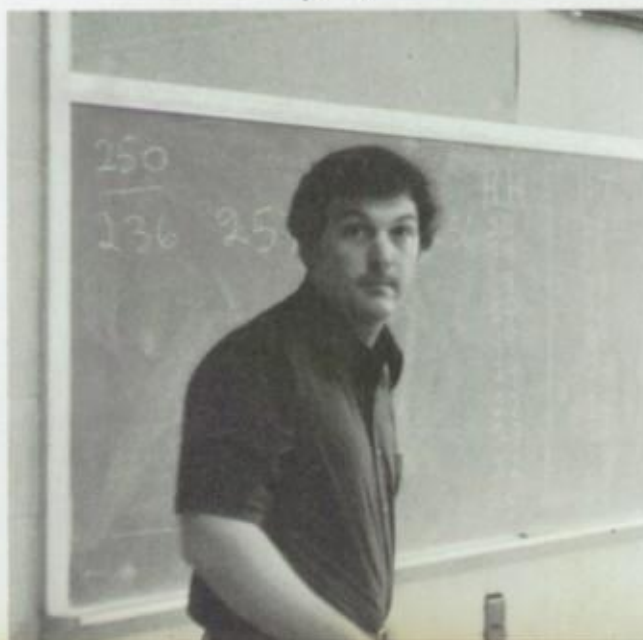

1. Superintendent, Mr. Huelsman has a big smile for our cameraman.

2. Elementary principal, Mr. Brackman seems to be very happy about something.

3. Assistant principal, Mr. Shively looks a little surprised by our cameraman.

4. Burkettsville principal, Mr. Yocum is all smiles as he gets his picture taken.

ELEMENTARY FACULTY: *First Row;* Mrs. Laux, Mr. Hart, Miss Adams. *Second Row;* Mrs. Froelich, Mrs. Ralston, Mrs. Menchhofer, Mrs. Steinbrunner, Mrs.

Rolfes, Miss Franzer. *Third Row;* Mrs. Shiverdecker, Mrs. Dieringer, Mrs. Wendel, Mrs. Mueller, Mrs. Fiely, Mrs. Provc.

Mrs. Feltz also helps out at the Elementary by doing the pay roll and many other things.

BURKETTESVILLE FACULTY: *First Row;* Miss Bettinger, Miss Lamm, Miss Adams. *Second Row;* Mrs. Woods, Mrs. Naseman, Mrs. Sheeley. *Third Row;* Mrs. Heitkamp, Mr. Weigel, Mr. Jacobs, Mr. Yocum.

JR. HIGH FACULTY: *First Row;* Mr. Froelich, Miss Merkle, Mrs. Huelsman, Mrs. Chatwood. *Second Row;* Mr.

Wourms, Mr. Rosengarten, Mr. Sieftring, Mr. Summers, Mr. Kanney, Mr. Dippold. *Absent;* Mrs. Woodruff.

Elementary secretary, Mrs. Woeste, works hard all day long and still finds time to smile for our cameraman.

Mrs. Elking is very helpful to these students at the Elementary. Mrs. Elking is also a Librarian at the High School.

With all of this paperwork, you would think Mrs. Bertke wouldn't have time for anything else, but she does. If you need anything just go to Mrs. Bertke, she'll know where to get it.

We'd Be Lost Without Them

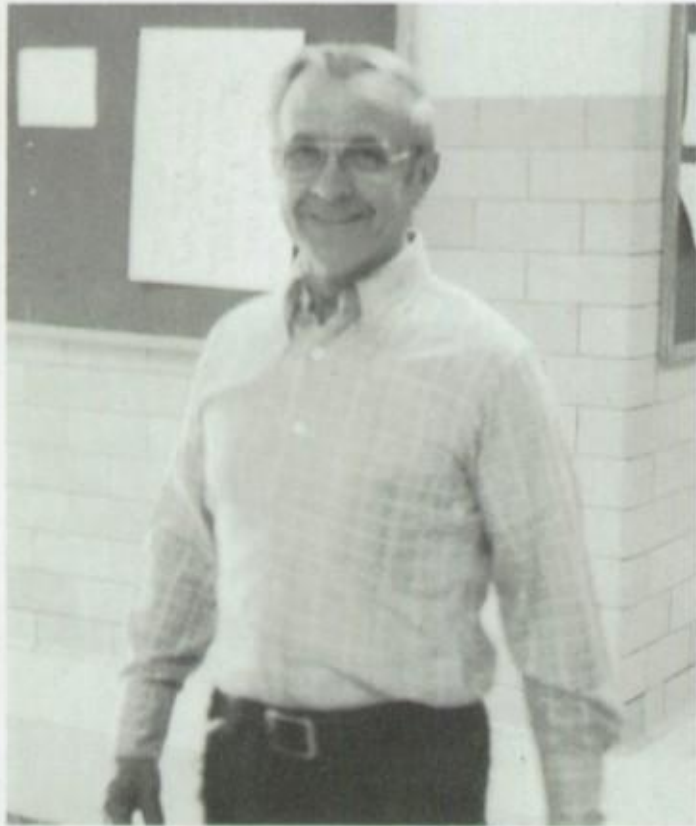

What would our school be like without all of our janitors, cooks, and bus drivers . . .

We'd be lost. Our janitors, Mr. and Mrs. Rose, Mrs. Feltz, Mr. and Mrs. Moeder, and

Mr. and Mrs. Rammel, work very hard keeping our schools clean. Our cooks are busy everyday making our meals, and our bus drivers get up very early in the morning to pick up many of the students. We'd like to thank all of these people for all that they have done for us.

High School janitor Mr. Rose has a nice smile for our cameraman. Mr. Rose does an excellent job with the school and we'd like to thank him for everything.

ELEMENTARY COOKS: Mrs. Spangler, Mrs. Geier, Mrs. Hartings, Westgerdes, Mrs. Bornhorst, Mrs. Mrs. Alt, Mrs. Huelsman. Gerlach, Mrs. Rose, Mrs. Nieport, Mrs.

2. Elementary janitor, Mrs. Feltz, has a nice smile for the camera.

3. BURKETTSVILLE COOKS: Mrs. Schwieterman, Mrs. Bueter, Mrs. Spangler, Mrs. Rammel.

4. Vic Moeder does many odd jobs around the schools to keep them running smoothly.

Mrs. Moeder is always busy working at the Jr. High, keeping it clean.

IN MEMORY OF

Mr. Paul Mahle

His voice in the classroom
Is all but gone
But the memory of his presence
Will forever live on

He was not just a teacher
But also a friend
None of us ever realized
How soon this all would end

A part of him stays with us
The knowledge that he gave
Not for us to forget about
But for us to use and save

Yes, this man touched all of us
And perhaps, it's now too late
But there's one thing left to say to you,
"Thank you, you were great."

Gary Will decided to forget how to figure out his Analytics problem and get his picture taken instead.

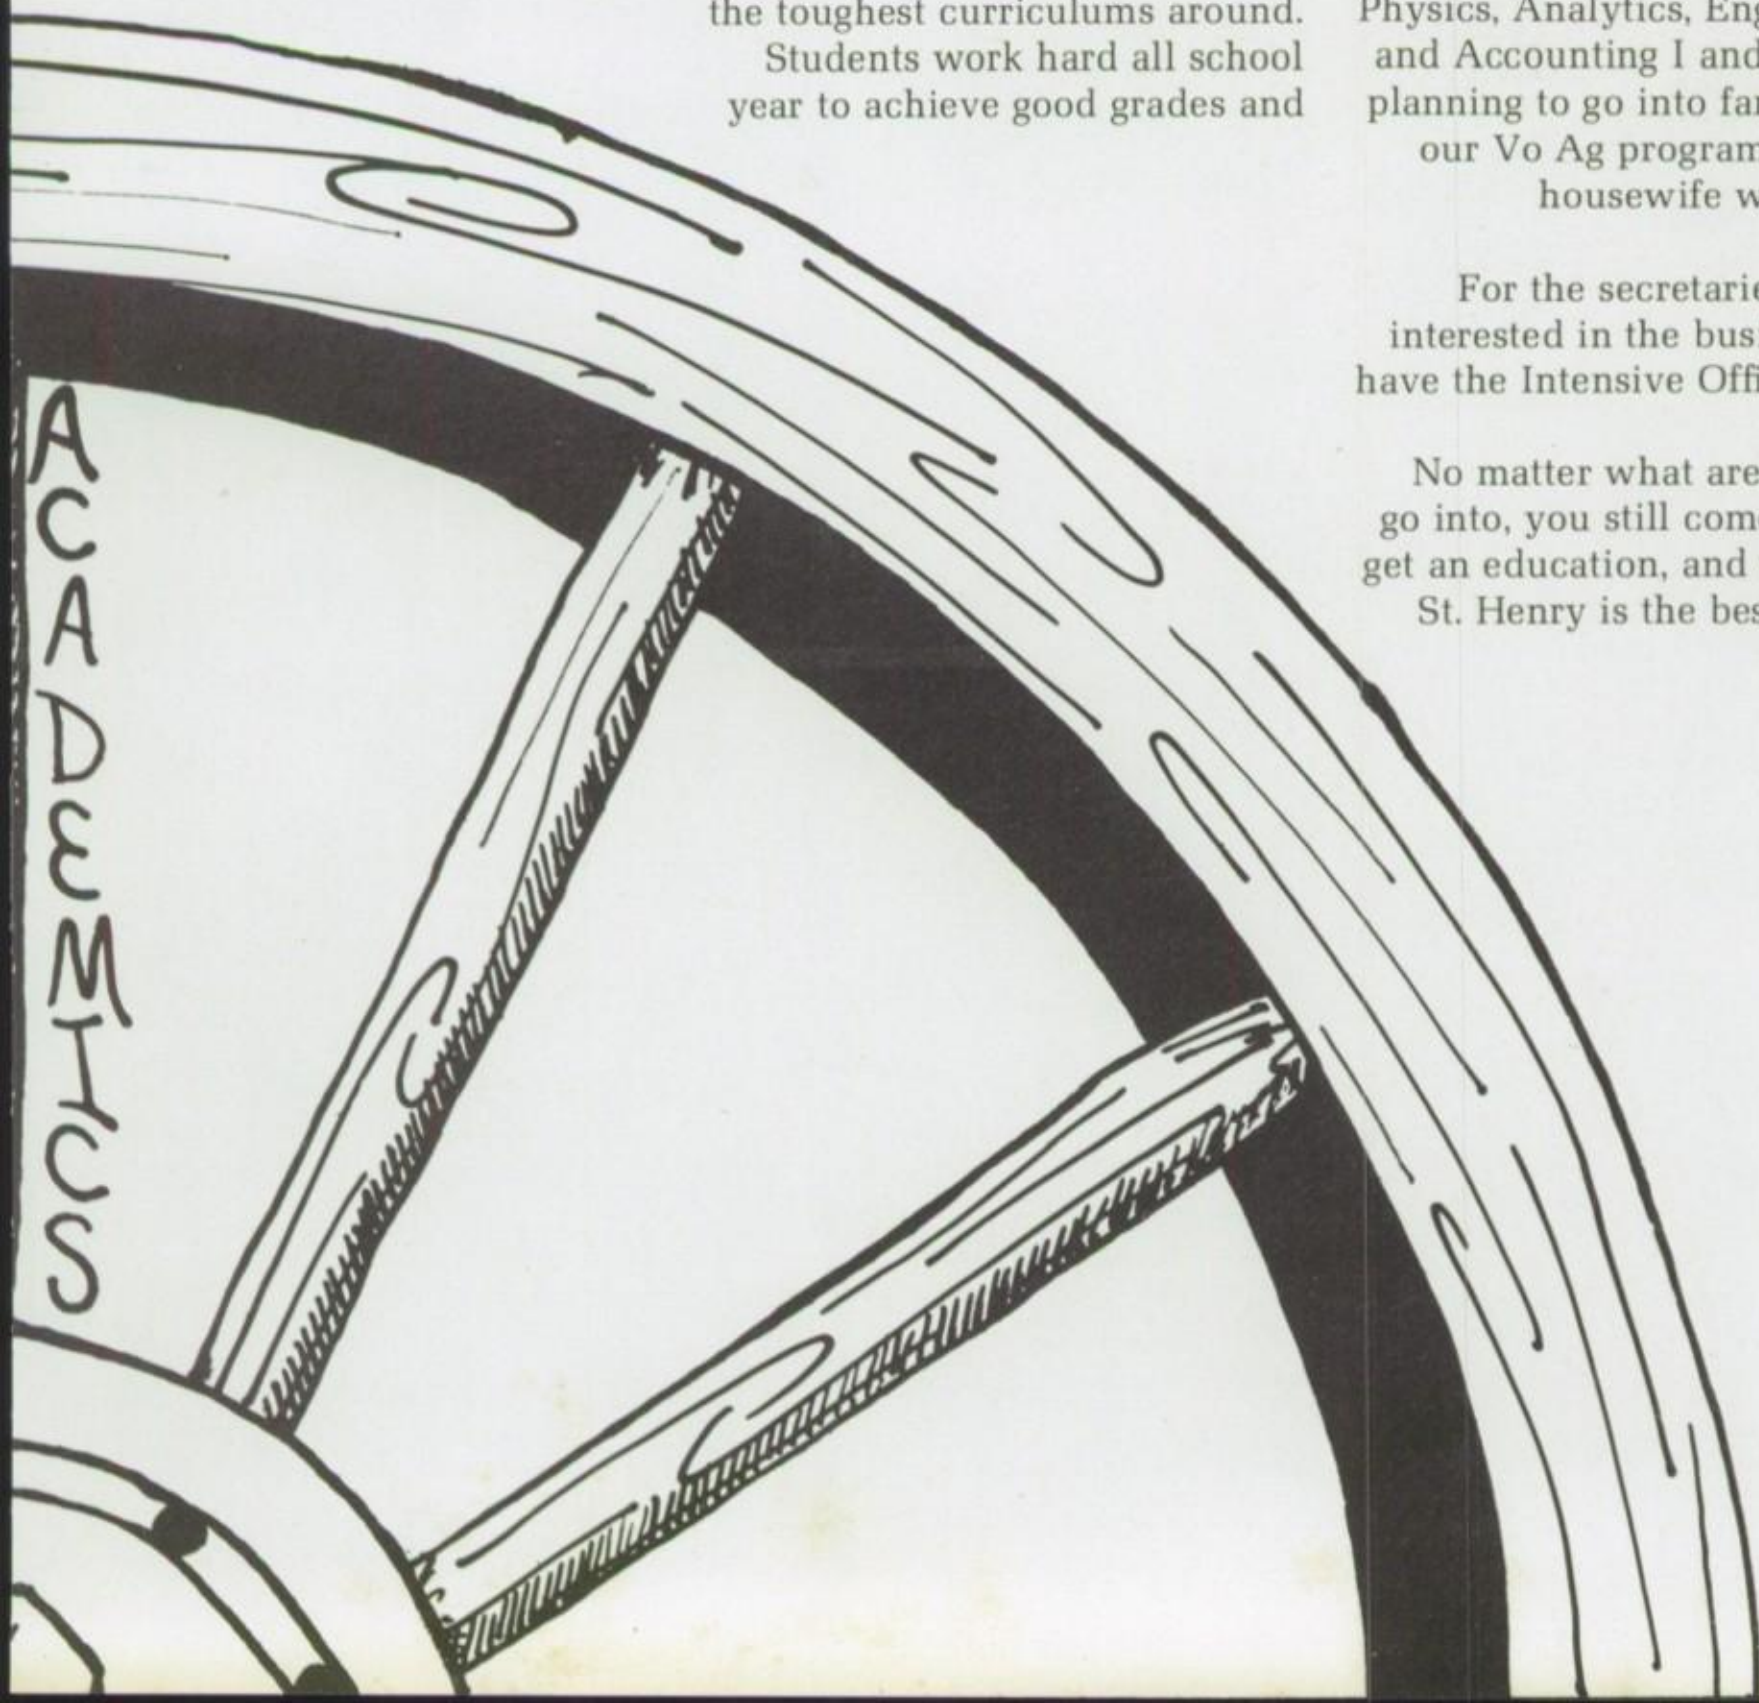

S.H.H.S. has a lot of sports, clubs, and outside activities you can get involved in, but you always remember why you are there; to get an education. Our school has one of the toughest curriculums around. Students work hard all school year to achieve good grades and

learn something. Everyone works hard doing homework and studying for test. If you really care about your studies, it takes a lot of time and effort to do well.

St. Henry has subjects to fit every area you want to go into. For the college prep students there is Physics, Analytics, English, Biology, and Accounting I and II. If you are planning to go into farming there is our Vo Ag program. Also for the housewife we have Home Economics.

For the secretaries and people interested in the business field we have the Intensive Office Education program.

No matter what area you plan to go into, you still come to school to get an education, and we think that St. Henry is the best place to get one.

Experiments With Facts And Figures

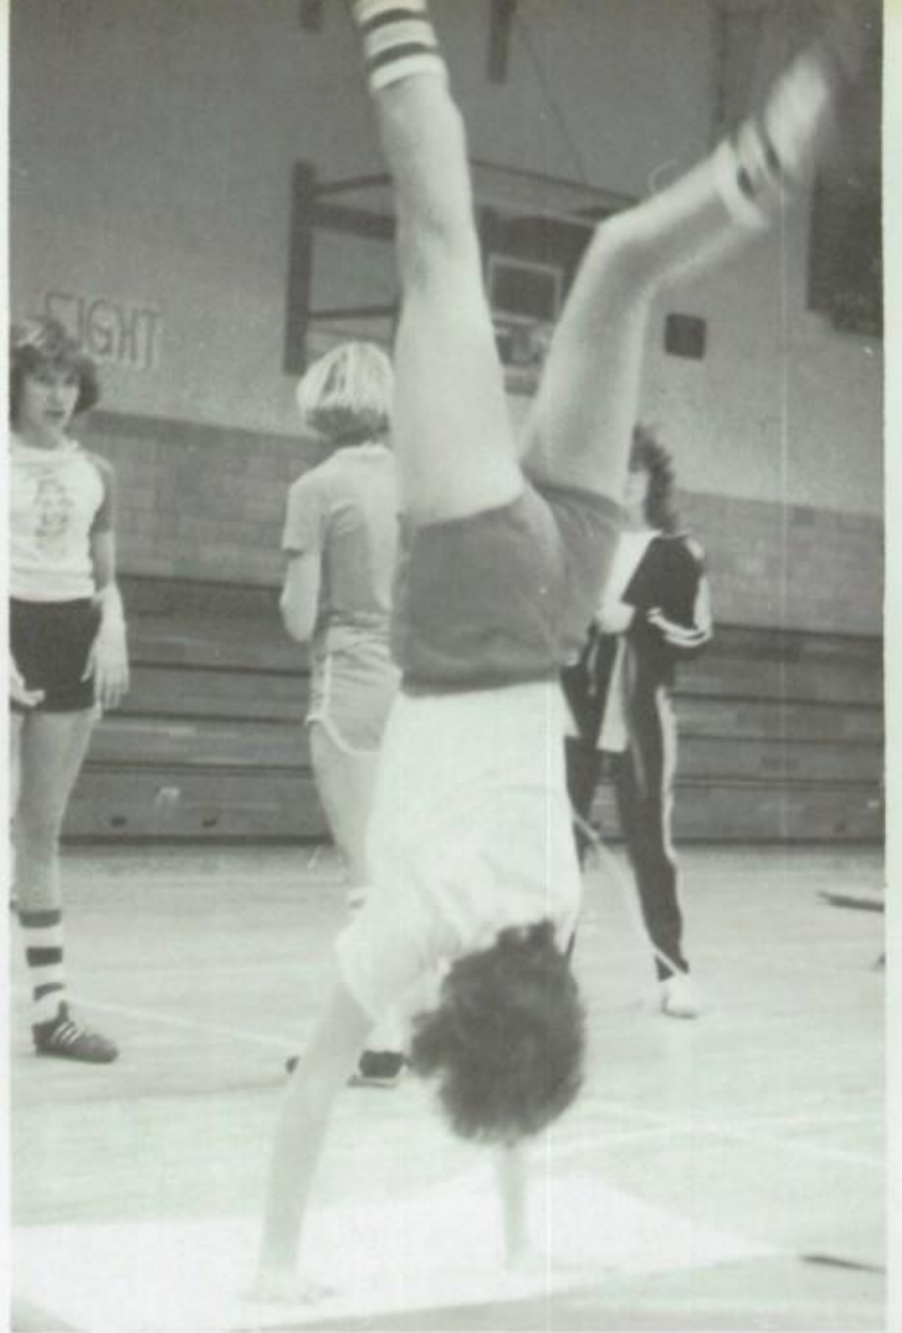

Our Math and Science Classes are very important to the high school. Each student is required to take at least one year of both. Most of the students that are planning to go to college usually take more than one year of each. We have some excellent programs to help our students to

continue their education.

The math courses offered at St. Henry are general math, algebra one and two, analytics, and geometry. Each of these courses are not easy and take a lot of hard work and studying. The teachers for these classes are Mr. Tremper and Mr. Provci. They both do a very good job in helping our students.

The science classes at S.H.H.S. are instructed by Mr. Shively

and Mr. Zink. Mr. Zink is a new teacher that was just added to our faculty this year. He teaches physical science, chemistry, and physics. These classes are usually based on the atmosphere, chemicals, and theory. Mr. Shively teaches biology, anatomy-physiology, and life science. These help us to understand how living things on Earth function and why.

This student shows everyone how easy it is to do a handstand.

As you can see the history students did a fine job with their projects this year. With this fantastic sketch of John F. Kennedy, Mary Bensman received an "A" on her project.

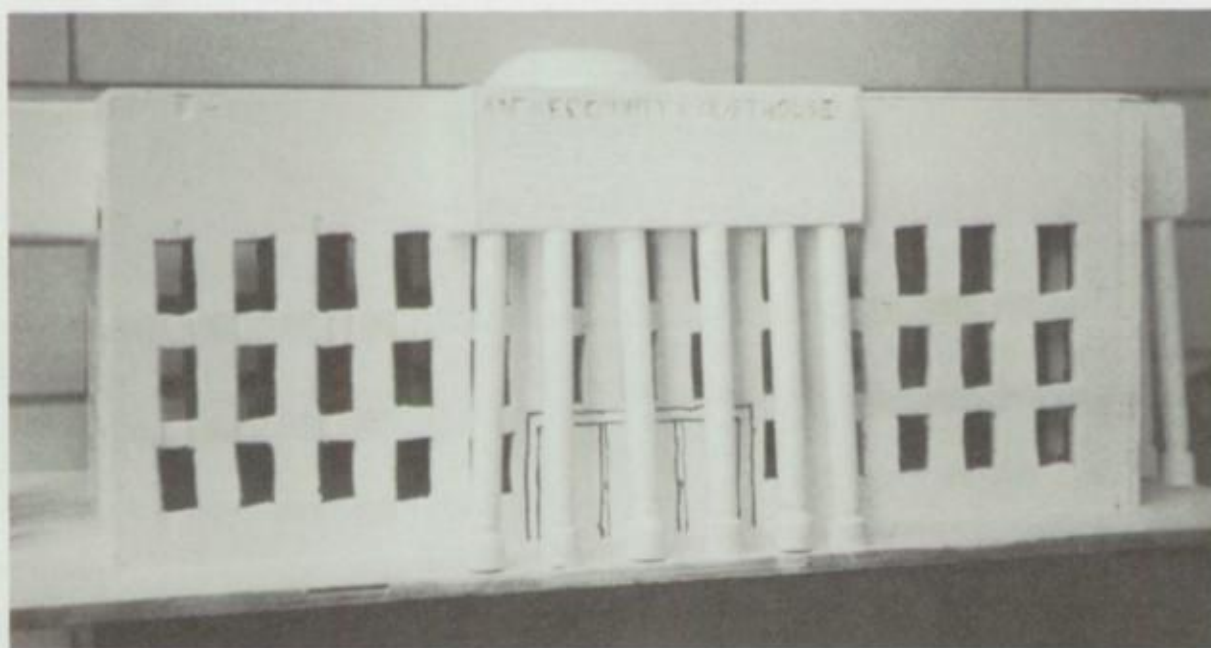

Mary Schwieterman gives this student a little help as she attempts a flip. This painting and fort were just a few of the masterpieces in the history class.

Social And Physical Studies

One course that is required for every Junior to take is history, which is taught by Mr. Builbault. He also teaches a world affairs class for Seniors. During your Senior year you are required to take government. Mr. Niekamp usually makes this class pretty exciting and gives you a better idea of how our government works. Mr. Niekamp also teaches Economics and Sociology.

One of the most enjoyable courses to most students is Phys. Ed. This class is taught by Miss Dudgeon and Mr. Pfeffenberger. They try to combine fun and learning skills during their class. Miss Dudgeon and Mr. Pfeffenberger also teach a required course, health.

1. This looks just like the Mercer County Courthouse, don't you think so?
2. These students are taking a break after working hard on their tumbling exercises.

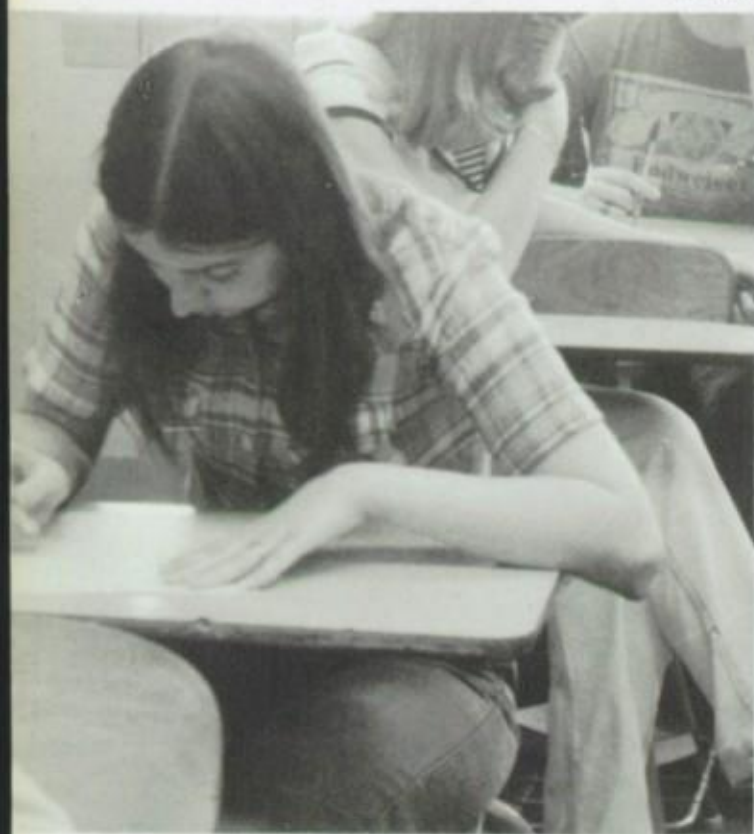

Little Bits Of Language

After you have completed school there is one thing that is very important; being able to read and write. At S.H.H.S. we have two different languages; English and Spanish.

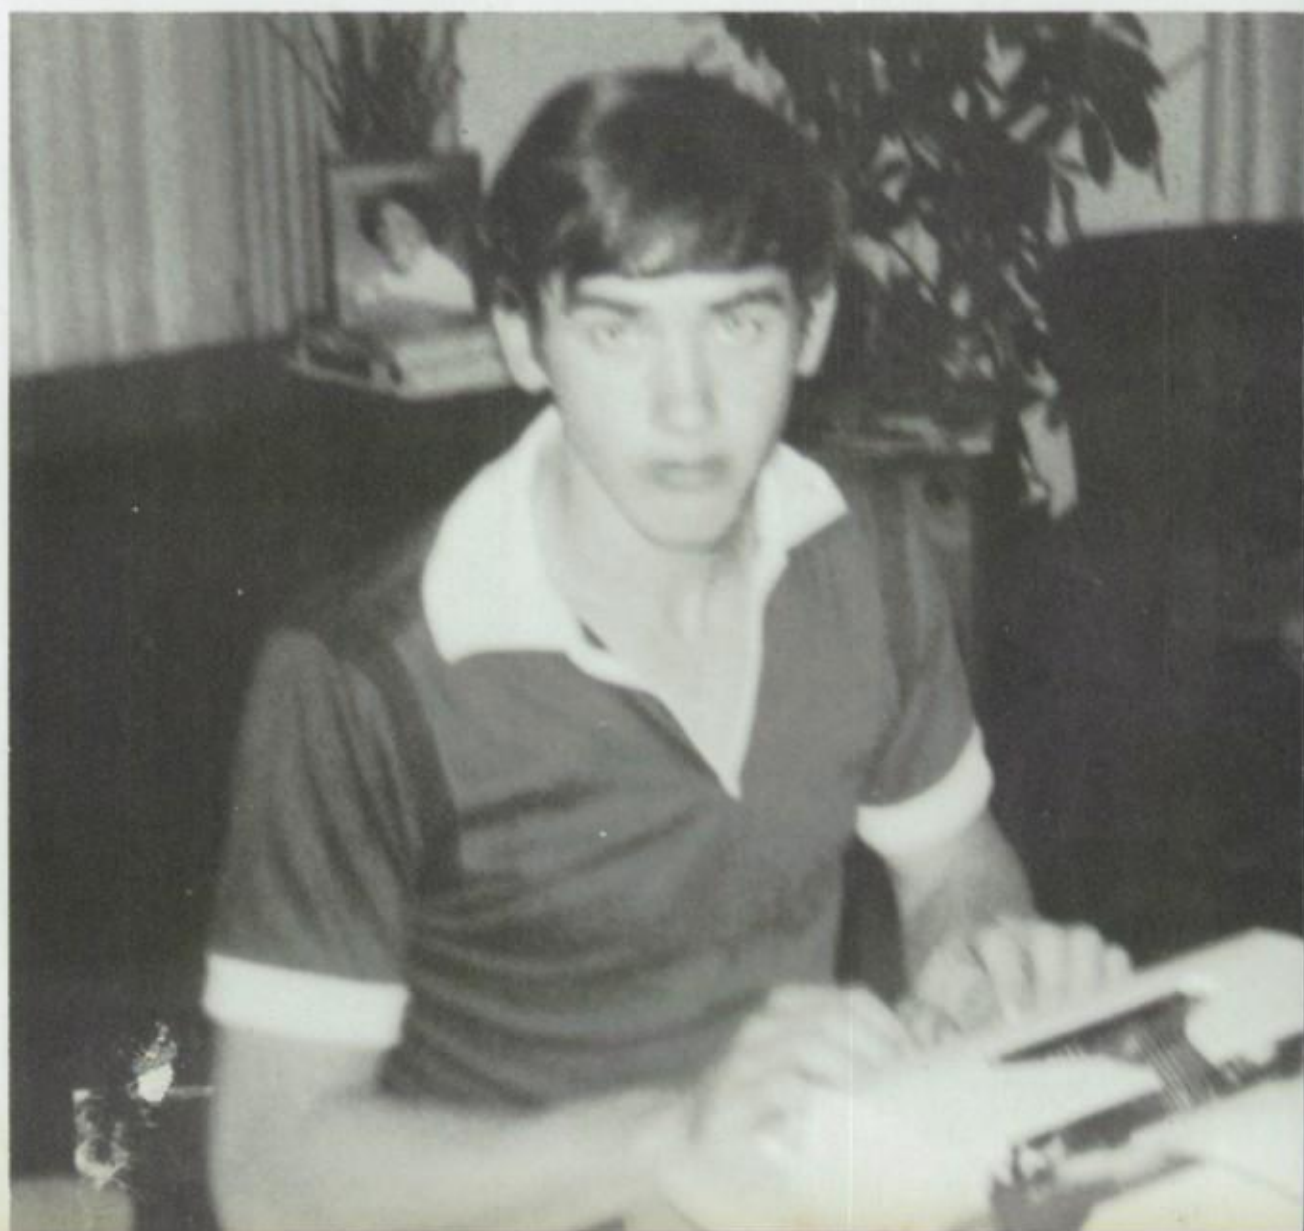

English is necessary for surviving and functioning in the world. You have to learn to write, read, and speak the language correctly. Learning the correct ways of punctuation, grammar, and reading is not always fun, but in the long run it will pay off. We have four great English teachers; Mrs. Thompson, Mrs. Bracy, Mr. Thompson, and Mr. Guilbault.

Mr. Thompson also teaches Spanish. This course is offered to all four grades in high school. This course is very helpful to those who are planning to attend college. Many colleges require their students to have at least two years of some kind of language. Some students just take Spanish to have fun learning a new language.

Mrs. Bracy looks surprised to see our cameraman walk in during her English class.

Bertha Mertz seems to be working hard on her English test. Senior, Jim Hartke, spends another long night working on his research paper for his English class.

1. Mrs. Thompson looks a little tired after a hard days work at school.
2. Kim Westgerdes seems to think something about English is pretty funny.
3. Mr. Thompson teaches both English and Spanish. Here Mr. Thompson helps a student with her Spanish.

To give our students a break from all of their academic studies we have other courses offered in our art fields.

We have our band, chorus, and art classes. Each class takes as much effort as any other class, and at times, even more time.

Our art classes are offered throughout the school day. Mrs. Huelsman is in charge of the classes. These classes are elective to our high school students. The students taking the classes do a very good job on their projects.

Some of their projects are entered into contests and usually place in the contest. We are proud of the students and the good job that they do.

The music department is also very active. Each year both the band and chorus have contests where they usually place very good. The band also enters in different marching contests. It takes a lot of hard work and a lot of extra time to make each organization do so well. The instructors in our music department are Mrs. Kirgan and Mr. Jacobs. S.H.H.S. is proud of the good job that each of our performing arts does. We hope they keep up the good work.

Terry Garrity is hard at work on his art project.

The band shows great marching ability as they perform during the halftime of a football game. The High School Marching Band begins to salute the crowd after finishing their award winning show.

Busy Builders And Homemakers

When entering high school both girls and boys usually take either *Home Economics* or *Industrial Arts*. Both of these are a four year program which starts when you are a freshman and continues through your senior year. These two classes really help the students who plan on continuing in these fields.

The *Home Ec.* classes teach each student the basics of cooking and sewing. They also learn home planning, and as they advance they learn more about keeping their own house.

In the *Industrial Arts* shop you learn a little bit of everything to keep things in shape where you live. You also learn how to build bar stools, foot stools, and go carts. The more experience you gain, the bigger and better things you learn how to make.

Both of these organizations provide great opportunities for our students. Even after their years at S.H.S. the information they have gained will always be useful.

Freshman, Gary Hoying, has a steady hand as he works on his project in Industrial Arts.

Angie Heitkamp is trying to make a big decision; whether to rip it out again, or not.

Joyce Huwer shows us that she is a good housekeeper by keeping her kitchen "spic and span".

Adding Up In The Business World

One of the main courses of study at S.H.H.S. is *business*. Throughout your study during high school sometime you usually take one of our business courses. Some of the courses that are offered are typing, accounting one and two, and I.O.E.

Our typing and accounting classes are taught by Mr. Howell. In typing the students learn the basics so they can go on and use their skills in the future. The accounting classes are given in preparation for further study in the business field.

Intensive Office Education (I.O.E.) is a very important part of the school's curriculum at S.H.H.S. This course usually appeals to the girls, but is open to the boys also. The program starts when you are a Junior and continues through out your Senior year. The students learn everything necessary to prepare them for a future in the business world. The teachers for the I.O.E. students are Mr. Thompson and Miss Gurklies.

Vicki Speck concentrates very hard as she tries to improve her typing skills.

One of the many ways to be active in our school is to join one of our many clubs at S.H.H.S. Each club has many different and exciting things to do. Each club has a special quality about it. You can expand your talents and learn more and more. Some of the clubs go on trips, have fiestas, fashion shows, and displays are set up so the public can see all of the work you put into your club. If you belong to a club, it takes hard work and a lot of dedication. You may have to work on certain committees and also participate in certain fund-raising activities. Belonging to a club can mean a lot of hard work, but it also means a lot of fun too.

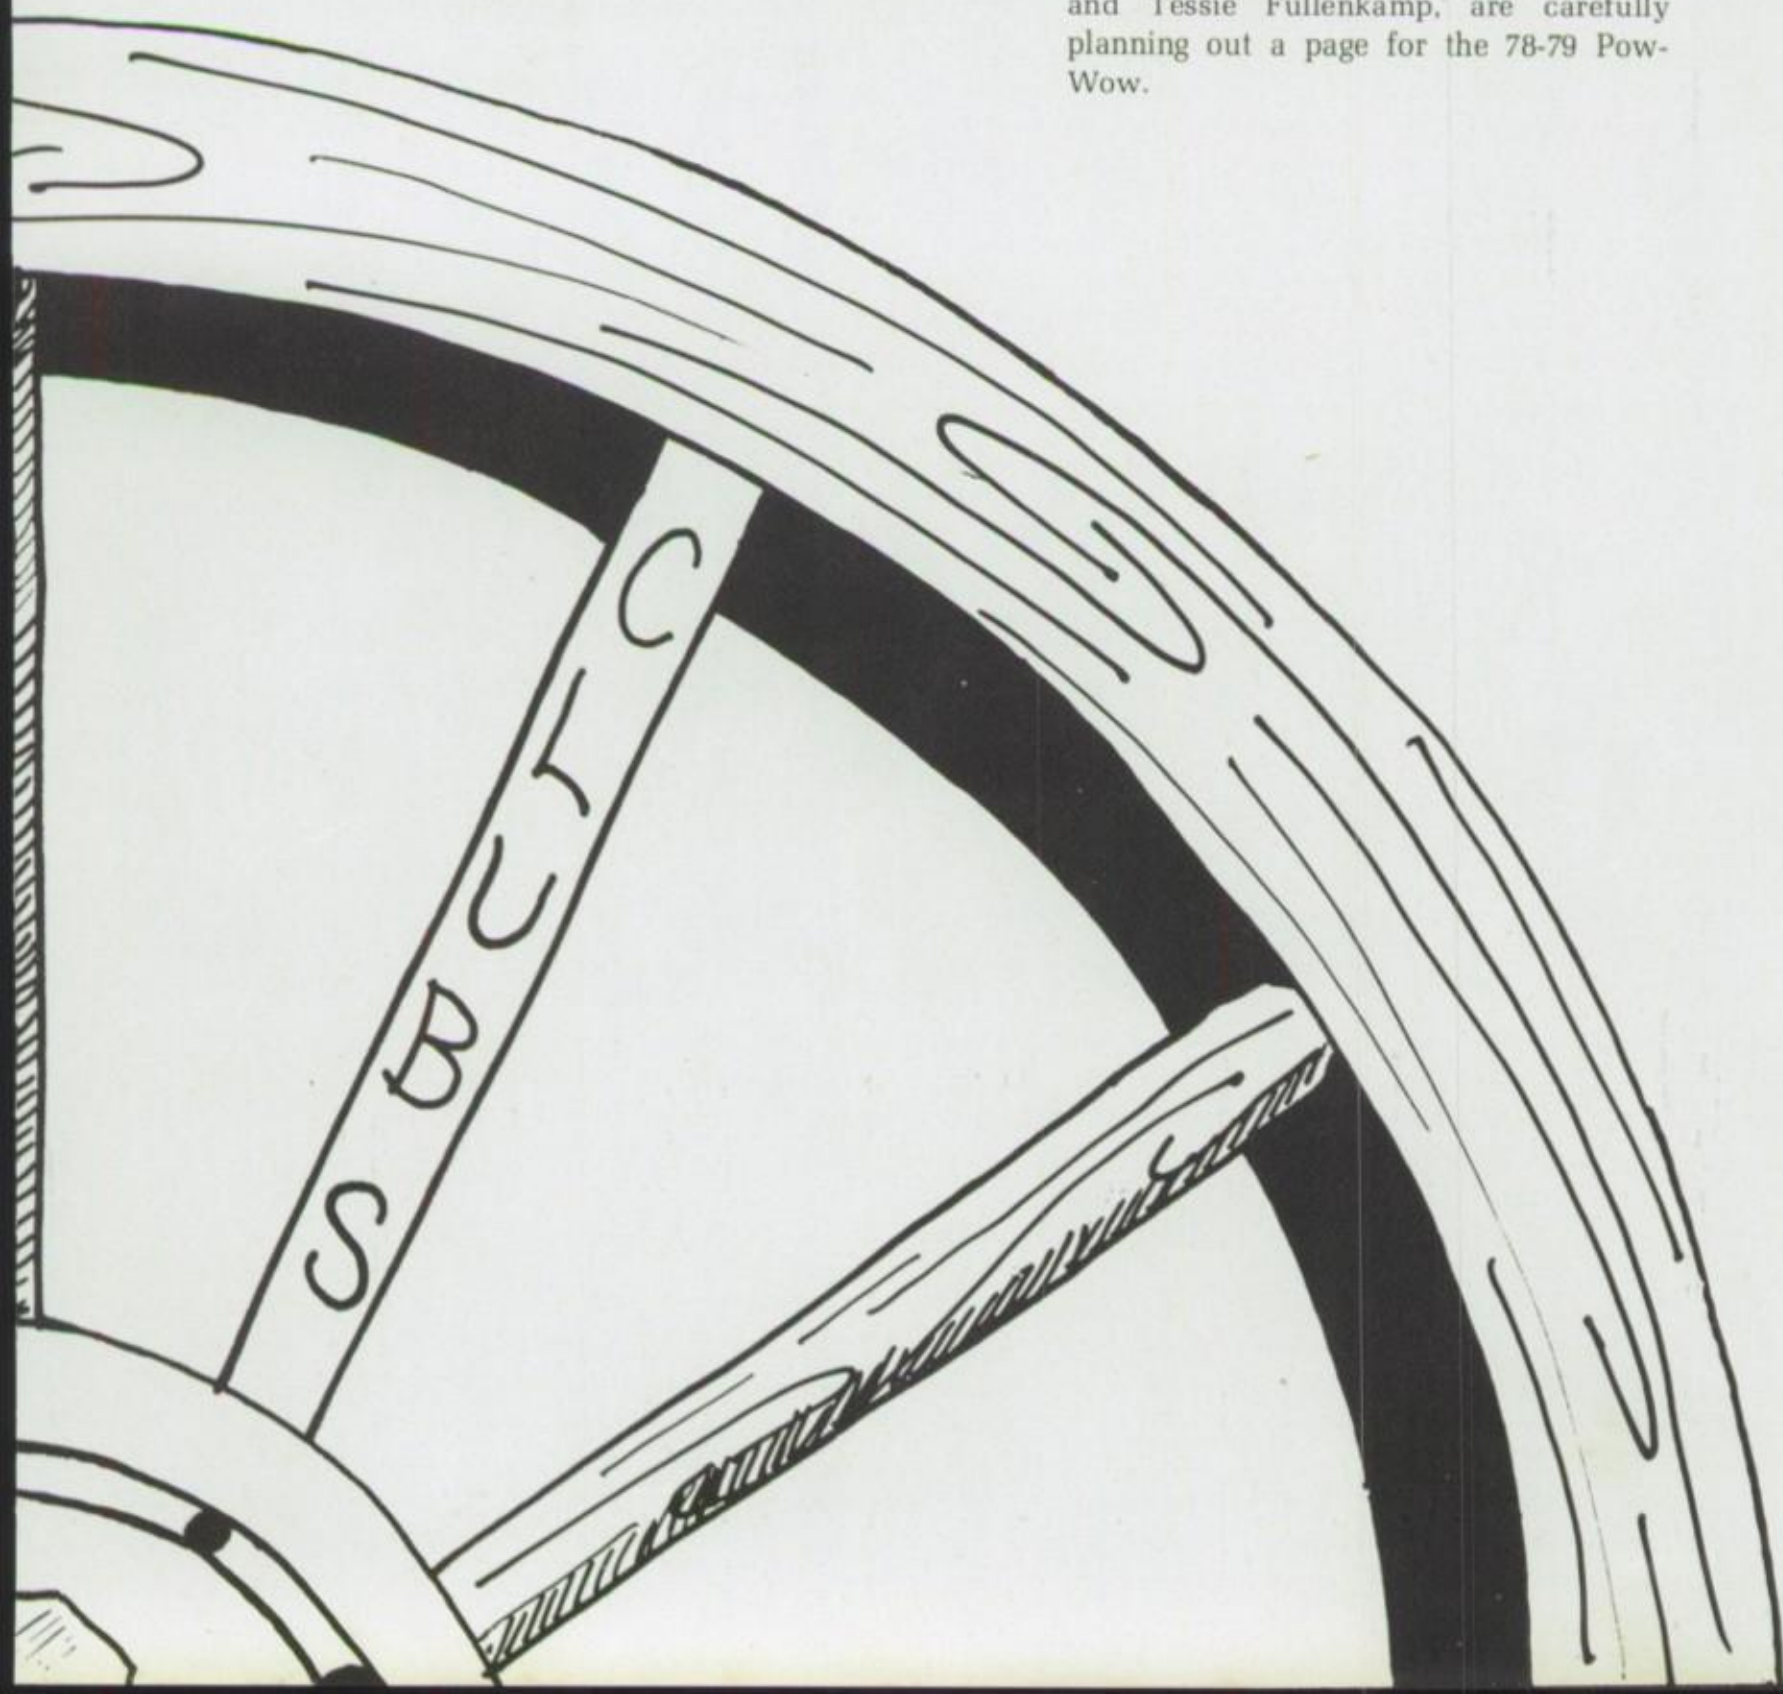

St. Henry's Greek foreign exchange student, Ritca Kzounia, is a unique member of the Spanish Club.

Yearbook members, Donna Goettemoeller and Tessie Fullenkamp, are carefully planning out a page for the 78-79 Pow-Wow.

Looking Towards The Future

The two clubs' goals through out the year have been preparing them for their occupation once they have graduated. By belonging to these clubs you get a more in depth study and more individual help than just in the class room.

The Future Farmers of America (FFA) were busy this year learning new things about farming. One of the

main things the club prepares for is their annual banquet. This is always held in the gym with the club members receiving their awards. Also, every year they vote on a queen with Deb Siefring receiving the honor this year.

The Future Homemakers of America (FHA) were also learning the latest in the homemaking field. They held their annual cookbook sales and also

prepared for their fashion show. They had their mother and daughter banquet which was held in the gym. Some of the girls modeled their outfits they made throughout the year.

Both clubs were very active and taught the students many things. These clubs are a big success and teach the students just what they need for their future years.

Jacqui Romer doesn't look like she is one of her most enjoyable poses for getting her picture taken.

It looks like these Spanish members rather be "on lookers" than participate on the fiesta.

Our two different languages at St. Henry are *Spanish* and the *shorthand* taught in I.O.E. Each has their special technique in writing and learning how to comprehend what you wrote.

The Office Education Association does many things. They learn how to type, write shorthand, answer telephones, file, bookkeeping, and run the printing machines. Also every year each girl enters in a contest in a certain category. This year the president of O.E.A. Diane Bruns won first place at the National Convention for her fifty page job manual and she well deserved the first place honor.

The head I.O.E. instructor, Mr. Thompson, takes time out of his busy schedule to get his picture taken.

Leaders Of The Pack

Two of the most important groups in our high school are the *National Honor Society* and *Student Council*. These two groups are considered to be leadership groups.

The Student Council does many things for our school. The most important task that the Student Council has is preparing for the annual Homecoming football game and dance. The Student Council also tries to come up with ideas on how to improve our school. Our Student Council did a very good job this year, and we are proud of them.

The National Honor Society is also an active group. Every year they have the important job of putting up the Christmas tree and decorating the halls. This year N.H.S. members helped other students with their classes. Each year the N.H.S. has their induction of all of the new members. This year the inductions went very well, and we are proud of all of these students.

Doug Romer and Kathy Bruns seem to like the idea that Mr. Bertoline has just come up with.

Learning With Experiments

Both of these clubs help to give the students more of an in depth look into their interested areas of study. Each club tries to give the students the feeling of being involved in teaching and conducting experiments.

Future Teachers of America (F.T.A.) was developed so that students interested in teaching could begin to understand what it would be like to be a teacher. During the students study halls they go over to either the Elementary or Jr. High schools to help the teachers with the students. This is both very helpful to teachers and to the students. The student aid also gets first hand information on how to teach a classroom. The advisor for the club is Mr. Brackman who does a very good job each year.

Our Math-Science Club is supervised by our new science teacher, Mr. Zink. The club has meetings about once a month where a student or Mr. Zink conducts an experiment. The students really get to understand how our atmosphere works.

These clubs really help to make S.H.H.S. what it is. They both keep the students active and learning more. We hope they will always be this helpful in the future.

We Got Spirit In Our Britches

One of the most active and helpful clubs to the school is the Varsity "H" Club. Our advisor is Mr. Shively who helps out the club a lot. Every year the club sells ads to help to raise money for the football and basketball programs. The club sells these programs at every home football and basketball game. This year they also sold basketball pins and bumper stickers for the basketball team. They also have an annual picnic at the end of the year for the members.

Our pep band, which is directed by Mr. Jacobs, plays at most of the home basketball games and pep rallies. They practice in their own time and each year they become more successful in drumming up some spirit.

Sandy Will helps to add some new ideas to Karla's and Jeanette's Homecoming layout.

By the look on Jeanette's face, she is a little bit bewildered about the section she is working.

At St. Henry we have two very active clubs which try to somehow capture the precious memories of our days at school in writing and in pictures. In doing this, it takes a lot of organization and preparation on the part of the editors of the clubs. Each club starts the year off by getting a list of the people who want to belong. The editors are usually picked in advance to organize these people in each area they are suppose to work.

On the Chronicle Staff, each member has to go out and do what a reporter would do. They have to interview the students, teachers, coaches, and athletes. Each article tells everything you would want to know about the event that took place. The articles are very informative and help to capture some of the happenings at S.H.H.S. As a rule, each

club has an advisor. The Chronicle Staff's advisor is Mrs. Karen Thompson.

The Yearbook Staff has to report, and also design their book. Each member of the staff, in the beginning of the year, went out to sell ads to raise money. Then each member learns how to design a layout or write copy. At the end of the year the staff produces something they can be proud of; the yearbook. The advisor of the Yearbook Staff is Mr. Tom Ransbottom.

With the efforts of both of these staffs, they try to capture the happenings of people and sports events through out the year. Both staffs have done a good job of capturing these memories of our high school years which will be forever cherished.

Co-Editor, Lisa Stahl, gives out assignments to the staff at one of the yearbook meetings.

Hollywood Here We Come!

The Drama Club helps to bring out some of our more talented students and their acting abilities. This club is one of the largest and everyone is involved in one way or the other. The people are either acting or in charge of the back stage effects. This year the club put on the play "Pete's Dragon" which was a big success. Mrs. Bracy and Mrs. Kirgan did an excellent job with the club and producing great plays.

Mrs. Kirgan is also in charge of our chorus program. She is in charge of both Jr. High and High School Chorus. They have five classes a week and through out the year, they have concerts. Each year Chorus gives out the "St. Cecelia Award". This year Judy Nieport received the honor of winning this award. We wish a lot of success to both of these organizations.

JR. HIGH CHORUS

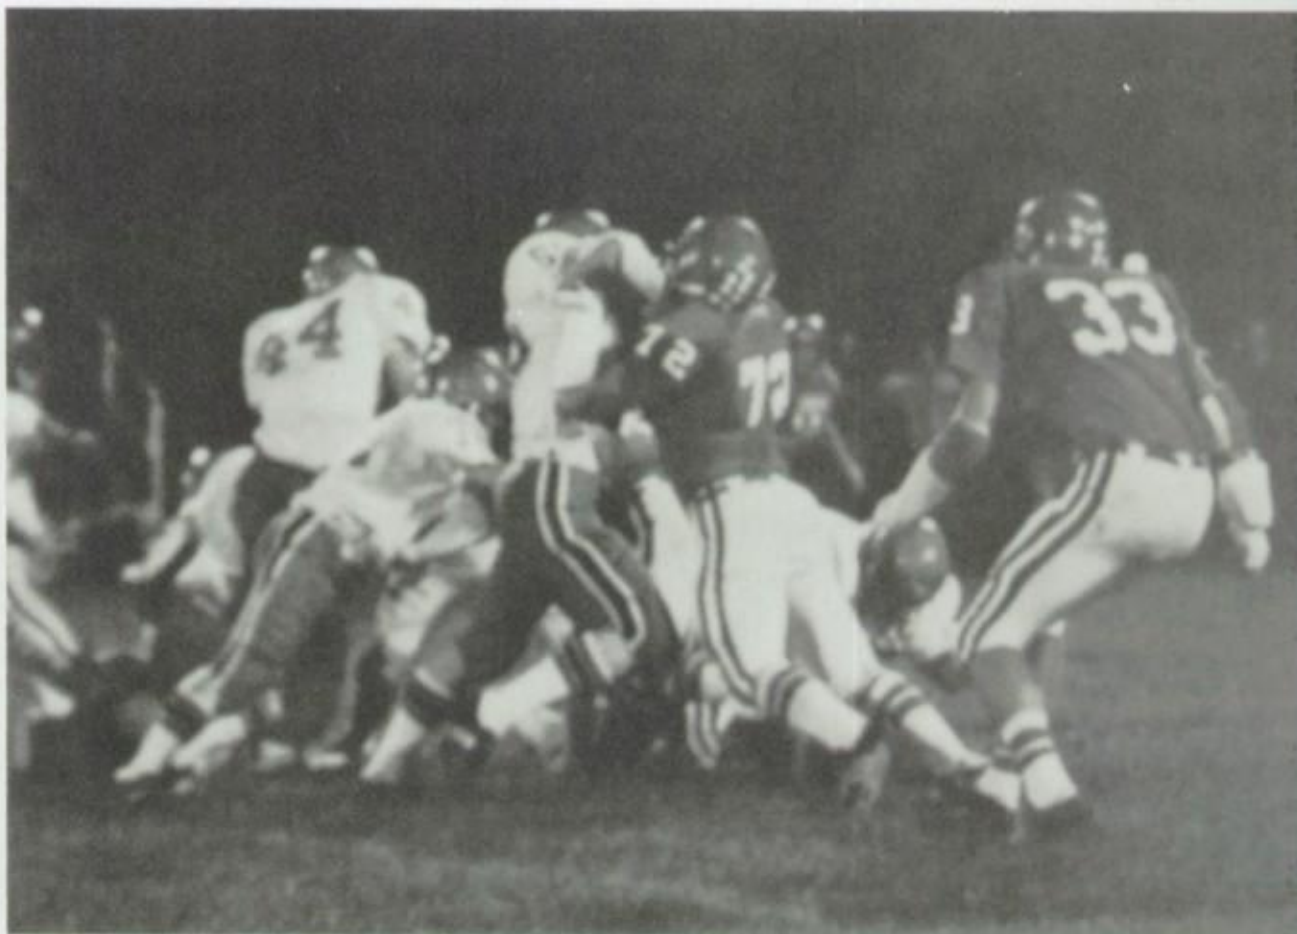

1. Junior, Bruce Miller, did a great job playing the lighthouse keeper in "Pete's Dragon."
2. The actors aren't the only important people in a play. The lighting crew and Mrs. Bracy did a fantastic job in "Pete's Dragon."
3. Narrator, Judy Bernard, explains a few things to the audience during a "Pete's Dragon" performance.

The sports program at St.

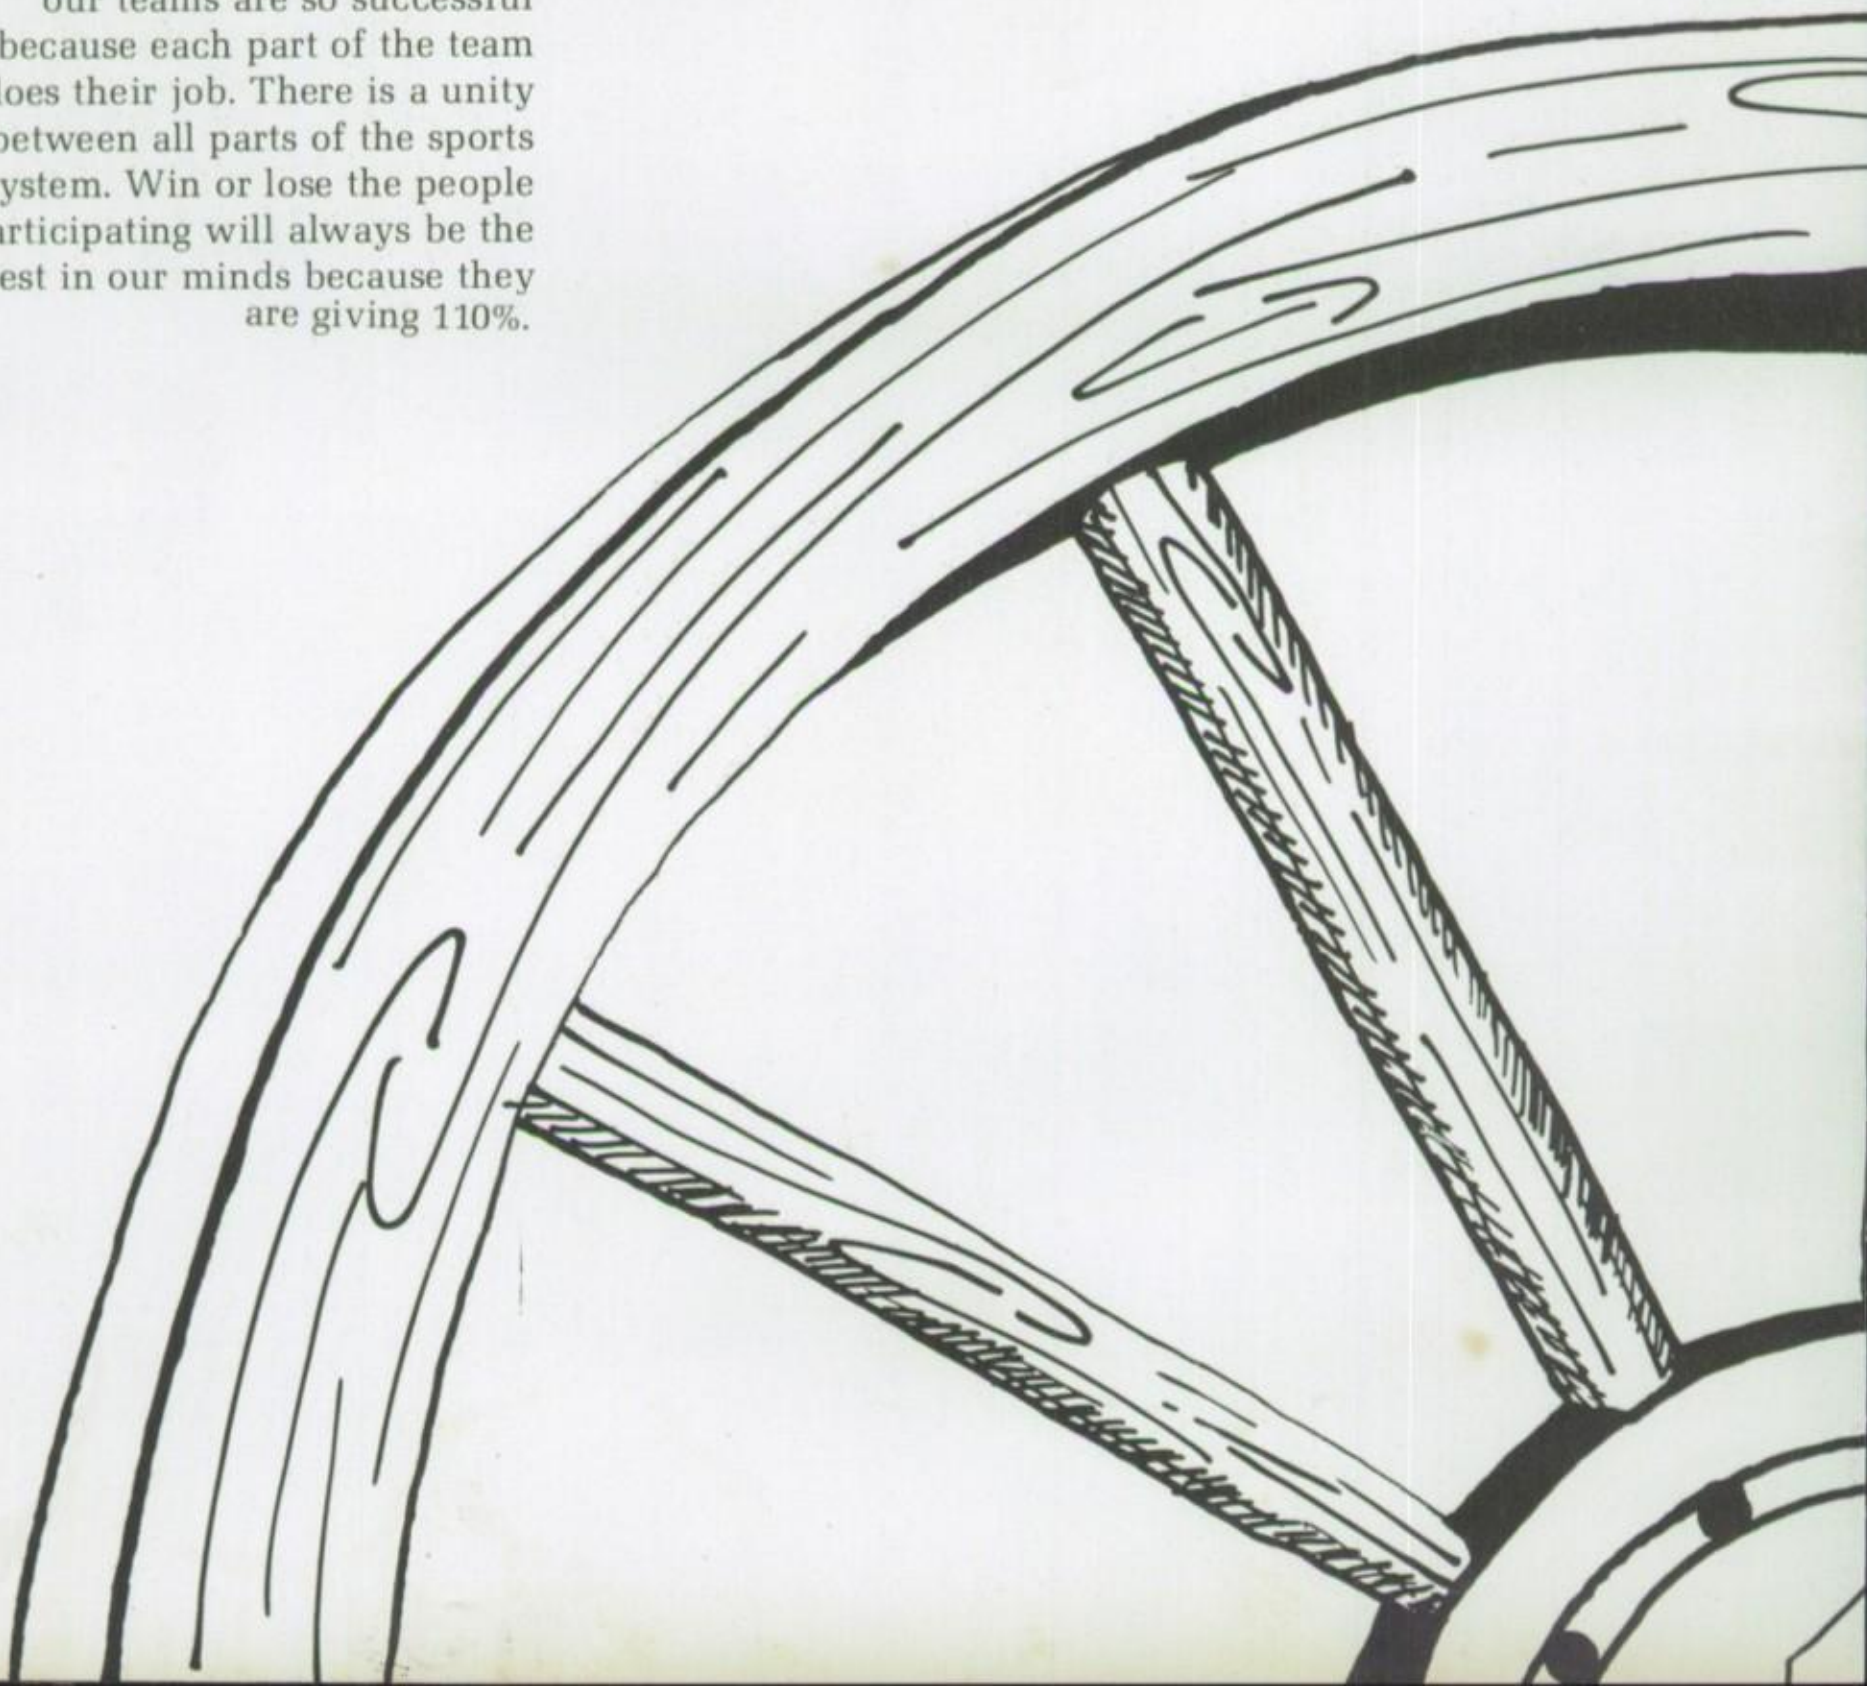

Henry over the years has expanded. In the beginning there were only two sports; basketball and baseball. Now we have football, golf, track, and volleyball with both boys and girls involved. Through the seasons our teams have gradually progressed and have become some of the best teams in the county. They have been ranked in state polls, and have finally won the coveted state championship.

There is a saying that a chain is only as strong as the weakest link of that chain. This describes the athletic teams at St. Henry.

Every part of the team is important; from the players to fans; coaches to managers; sports directors to statisticians. All of our teams are so successful because each part of the team does their job. There is a unity between all parts of the sports system. Win or lose the people participating will always be the best in our minds because they are giving 110%.

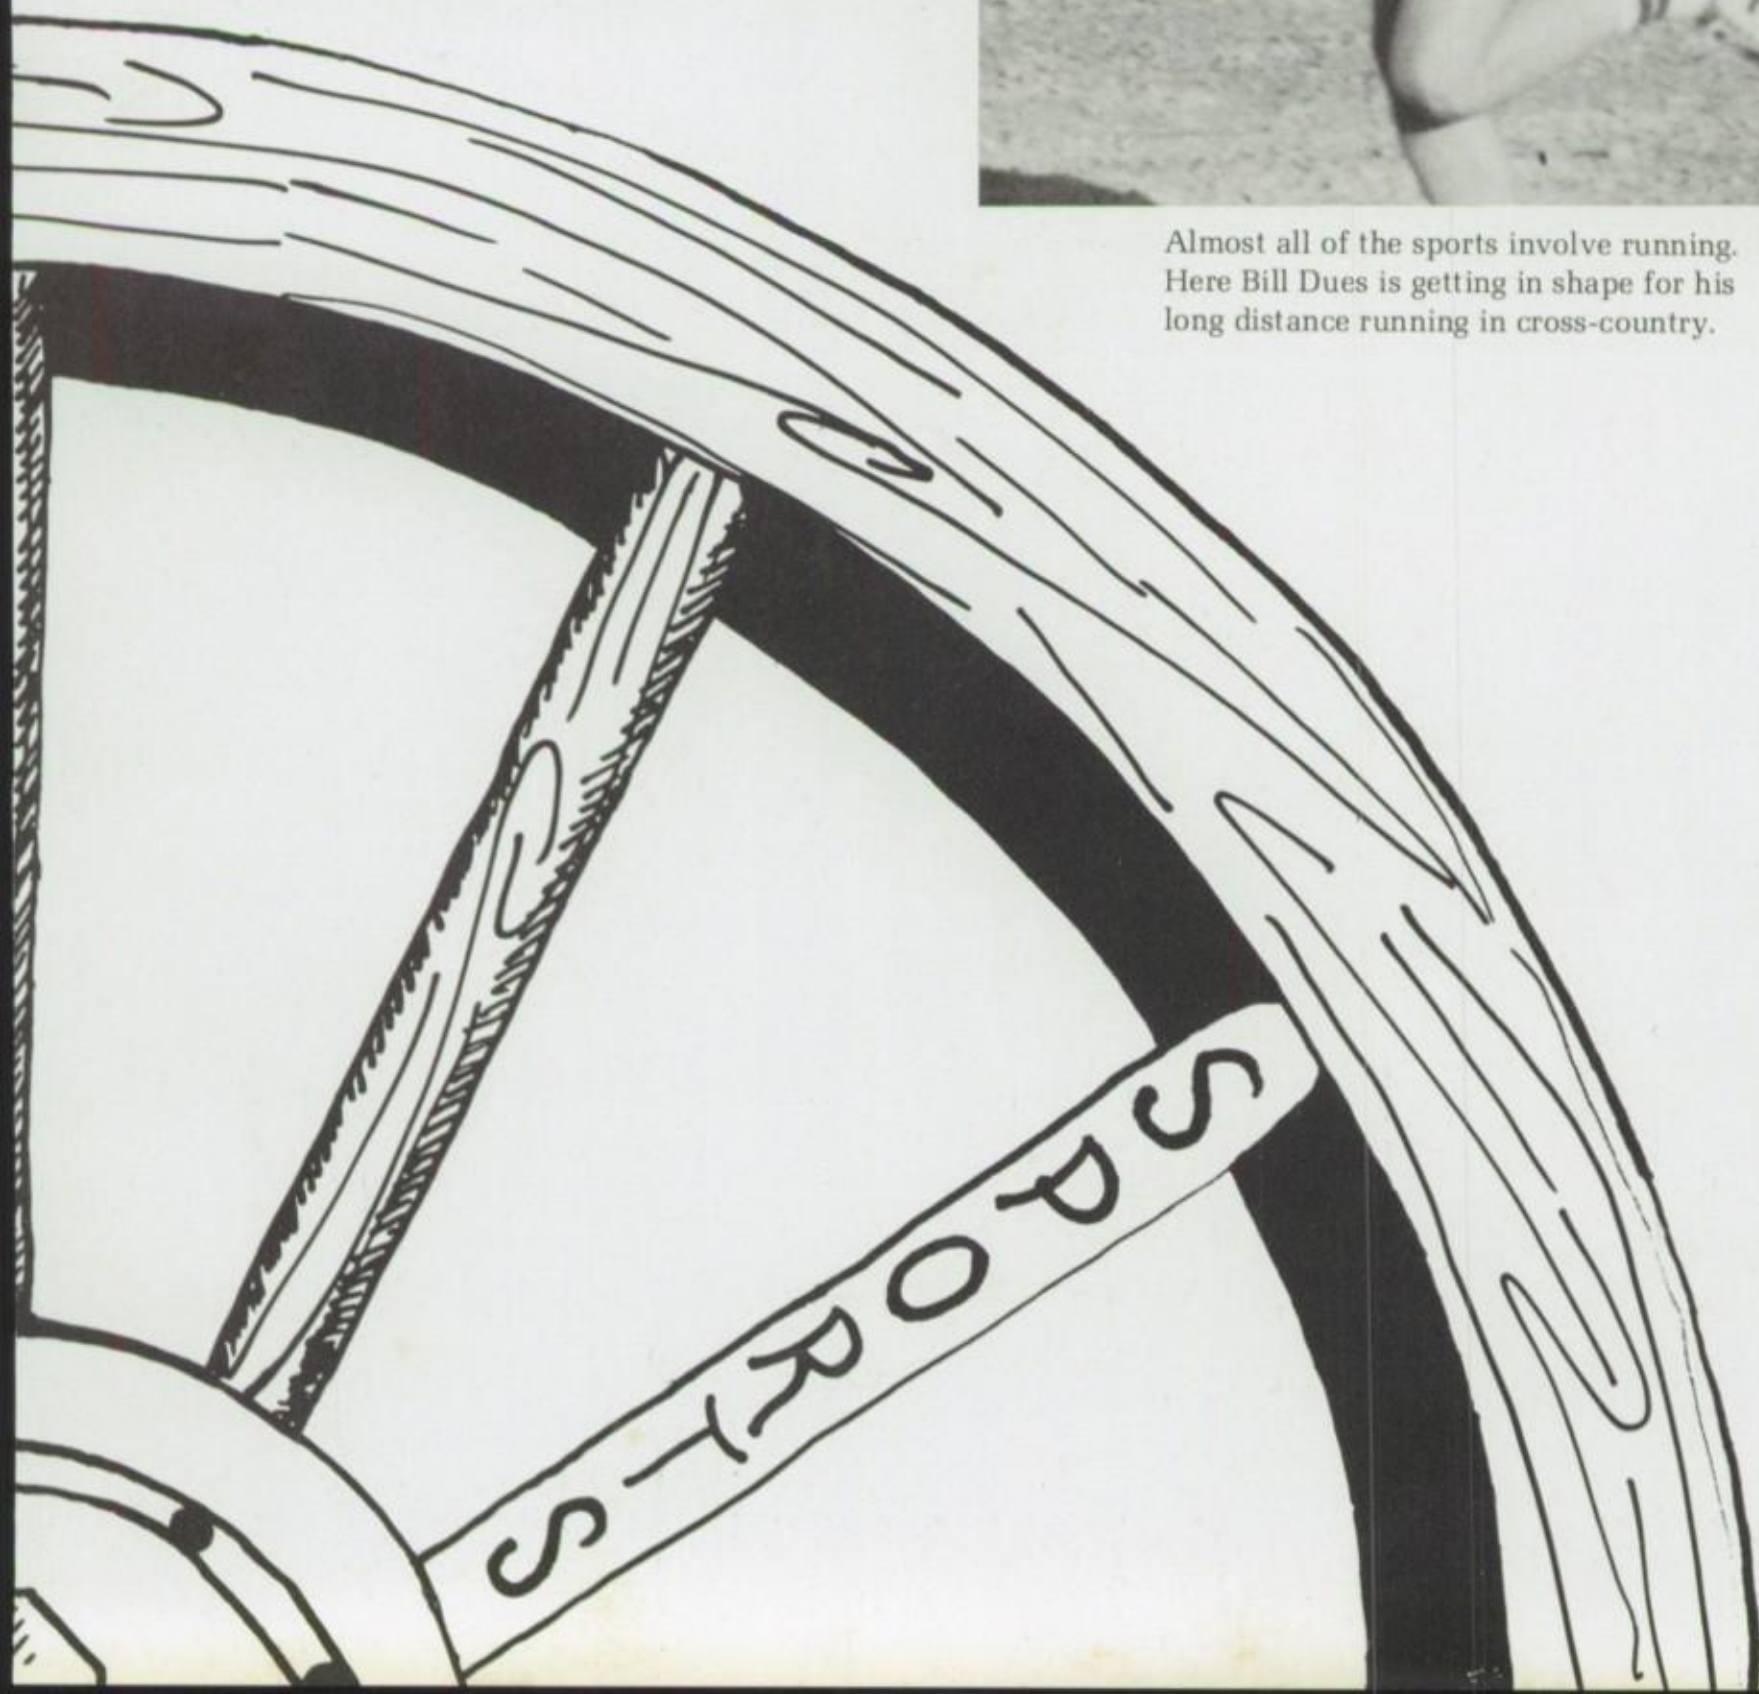

There seems to be a pile-up in the middle of the football field. I wonder what they are looking for?

This is just the second season for the basketball team, and they are really giving their opponents a run for their money.

Almost all of the sports involve running. Here Bill Dues is getting in shape for his long distance running in cross-country.

Golfers up to Par; Get Down And Bogie

Golf may not seem to be a very strenuous sport, but it takes a lot of hard work and concentration to establish a good golf game. If there is one thing golfers are noted for, it is that they golf through the rain and even the weather they

prefer, sunshine.

This year's golf team finished off their season with a record of 42-21. The season wasn't as great as was anticipated, but the guys still finished with a record to be proud of.

At the awards banquet Doug Wehrkamp received the "Most Valuable Player" award. Jim Niekamp picked up the award for "Most Improved". Next year's season looks bright with a lot of up and coming golfers.

First Row: Mr. Niekamp, Neal Brackman, Dale Brackman, Dave Moeder, Steve Dippold, Gary Hoying, Greg Schockman, Mike Driesch, Doug Wehrkamp, Jim Niekamp, Jeff Osterholt. Second Row: Chris Lefeld, Mark Jacobs.

Jim Niekamp shows his graceful technique which enabled him to win the "Most Improved Player" award.

With a stance like that, Neal Brackman is sure to be a tough contender next year.

Mike Driesch is mastering his pin-point accuracy; should be quite a leader next year.

No wonder Doug Wehrkamp won the "Most Valuable Player" award ... the ingenious fellow uses what looks like a baseball bat to get more power behind the ball when he tees off.

Jeff Osterholt seems to have stopped in the middle of his follow through only to discover that there was no golf ball to hit.

Running Here, There, and Everywhere

there is good talent coming up next year. Mark Rinderle came on strong near the end of the season and ran the second best individual time run by a St. Henry runner.

The two best runners ever for St. Henry will be lost through graduation, but the future looks good with the return of five freshmen.

The 1978 Cross-Country Team was a mixture of youth and experience. The team was led by third year runner Ron Gelhaus. Mark Rinderle provided the needed experience, as this was his fourth season of running. The five freshman provided for the youth of the team.

In what should have been a rebuilding season turned out to be a very competitive season. They broke the team record that was set last season. The team also made its highest finish ever at the sectional meet in Lima.

Ron Gelhaus, *Most Valuable Runner*, was one of the best runners in the area and also provided for the leadership. Tom Hemmelgarn, *Most Improved Runner* shows

Next year after losing their two seniors, the five freshmen will have to be leaders as sophomores. Bill Dues and Tom Hemmelgarn already started their young leadership together.

Football is Tuff Stuff

One of the most competitive and exhilarating sports is football. The season begins in August when the team starts their two-a-days. When school starts, they have practice every night after school for two to three hours. Then finally the awaited moment arrives, the first game of the season. All of the preparation and

hard work pay off on how well the season goes. The work starts up again as the players work all winter long for the next season.

This years season ended up with a record of 5-4-1. The highlight of the season was the Coldwater game. Here the Redskins came close to beating the Cavs with a down to

the wire game, but ended up tying them 15-15.

The annual sports banquet was kicked off with Mike Post getting the "Most Valuable Player" award. Another senior, Marv Kremer won the "Most Improved" award. The "Kent Rehm" award was given to senior, Gary Will.

HEY VB'ers Get Bumpin'

This years season was very successful for both the Varsity and J.V. Volleyball teams. The J.V. finished off the season with an undefeated season of 13-0, with the Varsity 10-3 and making it to the sectional finals in tournament action. The girls also added an extra touch by capturing a co-share of the M.A.C. crown.

The leadership for the team was provided by the co-captains, Lori Schwieterman and

Stahl, Sandy Will, Carolyn Stammen, Paula Frilling, Karin Lachey, Brenda Langenkamp, and Sue Miller (manager)

Junior, Carolyn Stammen, picks up the serve while Karin Lachey is ready as a back up.

Senior, Brenda Langenkamp, prepares to "smash" the ball across the net as Lori Schwieterman races over to help.

J.V. Volleyball Team: Kneeling; Cindy Bruns, Jeanette Bruns, Peg Cahill, Cindy Schwieterman, Mary Schwieterman, and Sue Miller

(manager). Standing; Coach De De Dudgeon, Linda Bensman, Teresa Driesch, Sharon Will, Lisa Homan, Lisa Wehrkamp (Captain).

1. Freshman, Mary Schwieterman, keeps an eye on the ball as she bumps it over the net.

2. One of the requirements of a good V-B player is readiness. Jacqui Romer and Lori Sutter show they are ready for anything to come flying across the net.

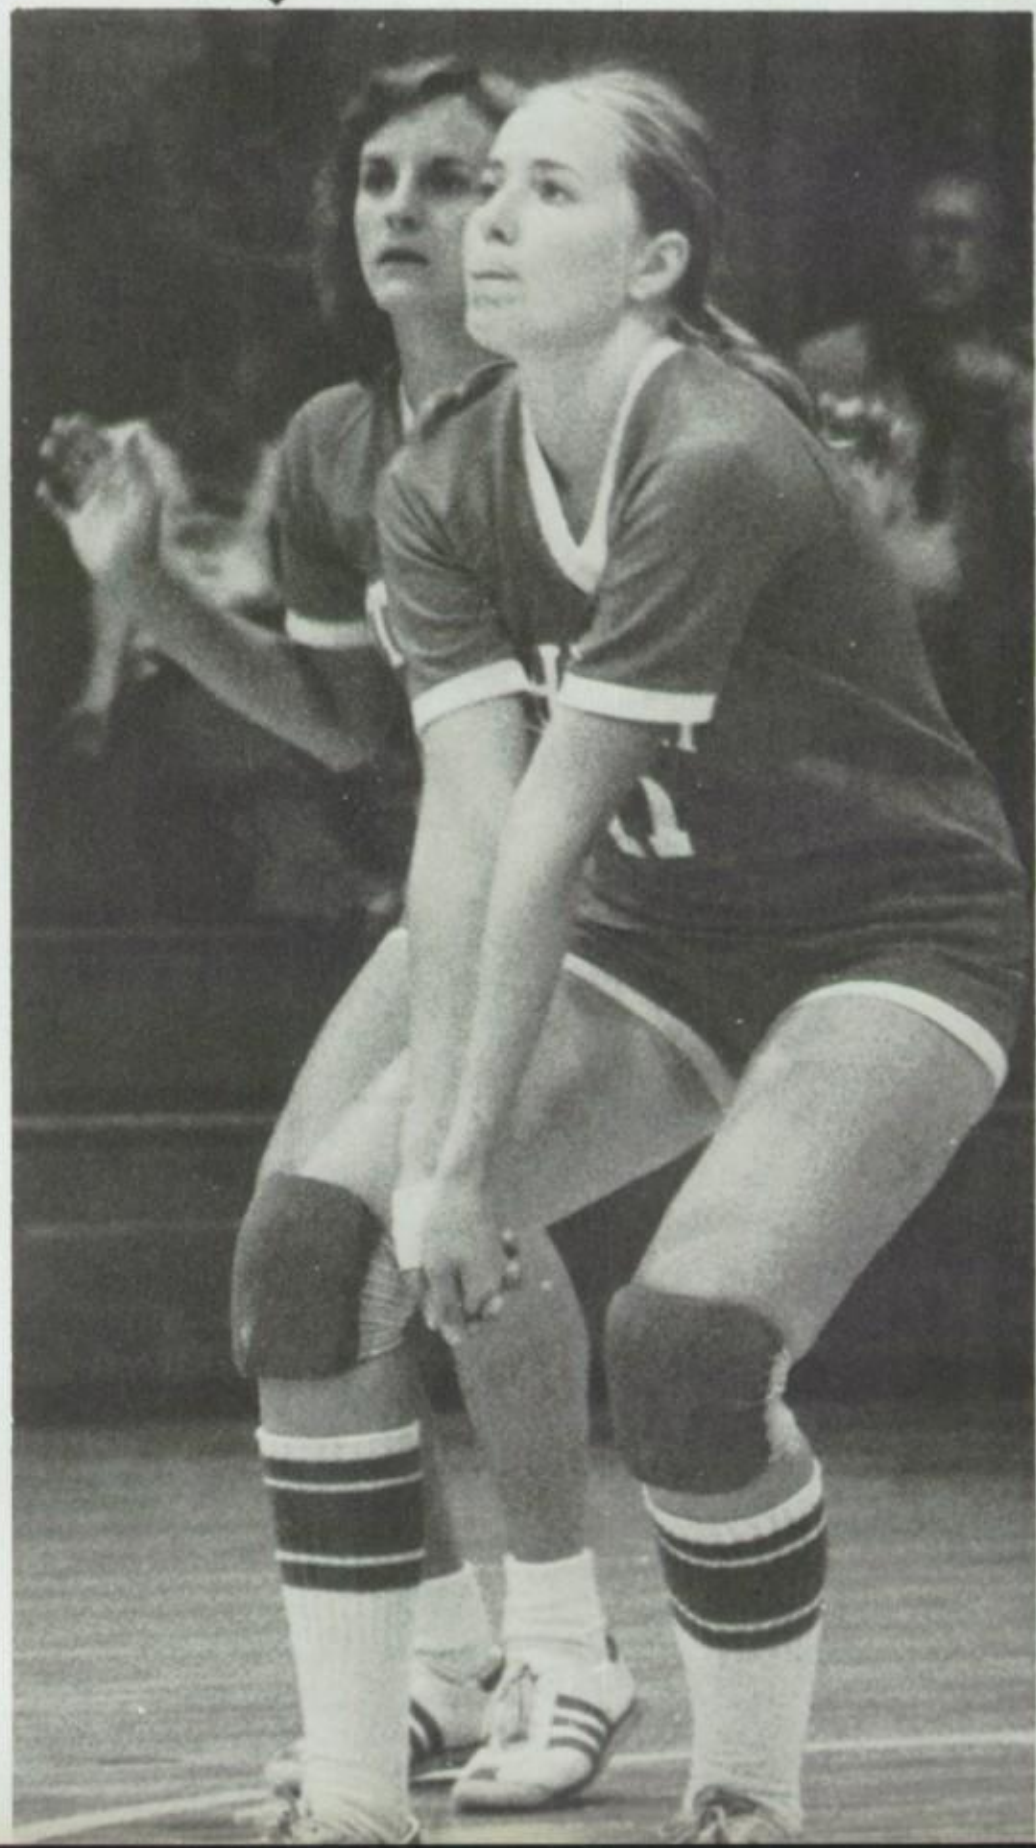

3. Coach Dudgeon gives the J.V. girls some strategy during a time-out at the Coldwater game.

A Memorable Season

The 1978-79 basketball season is like a fantasy becoming a reality.

The practices started and before you knew it our first game was over. The next few games were expected to be tough but the Redskin squad handled them. We were 14-0 when we entered the gym to play Ft. Loramie. After a close game and a few close calls the Redskins pulled through to go 15-0. The last game of the season came up and the team was still undefeated. Only one other time in the history of S.H.H.S. basketball had a team gone undefeated. The Skins faced Fort Recovery and ended the season with a perfect record of 18-0.

It was tournament time, which the Redskins both looked forward to and also dreaded. For a number of years every time sectionals came up and we entered the St. Mary's gym something went wrong. Well, this time we entered the gym, faced Parkway, and won. To top it all off we won our first sectional trophy in five years. No one could believe that St. Henry was going to districts, but the people from St. Henry. We were heading for Lima to face Ada. The ball game was down to the wire, with only a few seconds left and Randy Heitkamp on the foul line.

He made the two shots and the Redskins won. Then on Saturday we traveled 45 miles to play a team that only lived 3 miles down the road "Marion". This game was another back and forth game, but we made the play of the year to give us the district title. It was now on to Bowling Green and the regionals. Here the Redskins had easy victories over Miller City and Arcadia.

A dream was coming true; St. Henry was going to State. The town was totally behind the team. Every store window, car, and even the telephone booth was decorated. People were all buying red and white shirts, making sure they each had a red towel, and a Redskin hat. Even Lyle Stieg came to town for the action and found out just how great our team is. The fans followed the Skins the whole way through tournament, but when state came a mania swept them to their feet. Everyone in town found their way to St. Johns Arena to watch the Redskins capture the State Title.

On the day they came home they brought with them a state trophy, a 26-0 record, the only undefeated team in the state, a lot of tears, and a whole lot of pride. When our champs arrived

from Columbus they met caravans waiting for them in Mercer County.

The whole county was proud, but know one was as proud of the team and coaches as the people from St. Henry.

It was best said by Coach Guilbault "God Bless our team and God Bless a great bunch of fans".

Senior, Gary Barlage, shows his dribbling technique by outmaneuvering his Coldwater opponent.

Junior guard, Chuck Stahl, shows his great ball handling ability which helped to lead the Redskins to a State Title.

Breaking The Jinx . . .

For five years the Redskins went to sectional tournament with a winning season under their belt, and for five years they returned after their first game *defeated*. Every one of our teams were considered a state quality team, but it always seemed that once we arrived in St. Marys everything went wrong. This year we went to the sections with a record of 18-0. We were seeded in tournament and we were to play Parkway for our first game. The fans and team decided we were going to break this so called *jinx*. We have never seen a team so ready to win. Even the fans were ready with their red towels, helmets, and of course their voices. Well, we all know what we did; we broke that jinx, and we did it in style.

One of the keys to the Redskins defense was Gary Will's quickness and excellent stealing ability on the court.

Gary Barlage goes up for a layup in a fast break play.

1. As Coach Guilbault said, "Boys we're heading for STATE."

2. Kim Guilbault, Barry Bohman, and John Brophy really got the Big Wall Of Red rolling before Regional action.

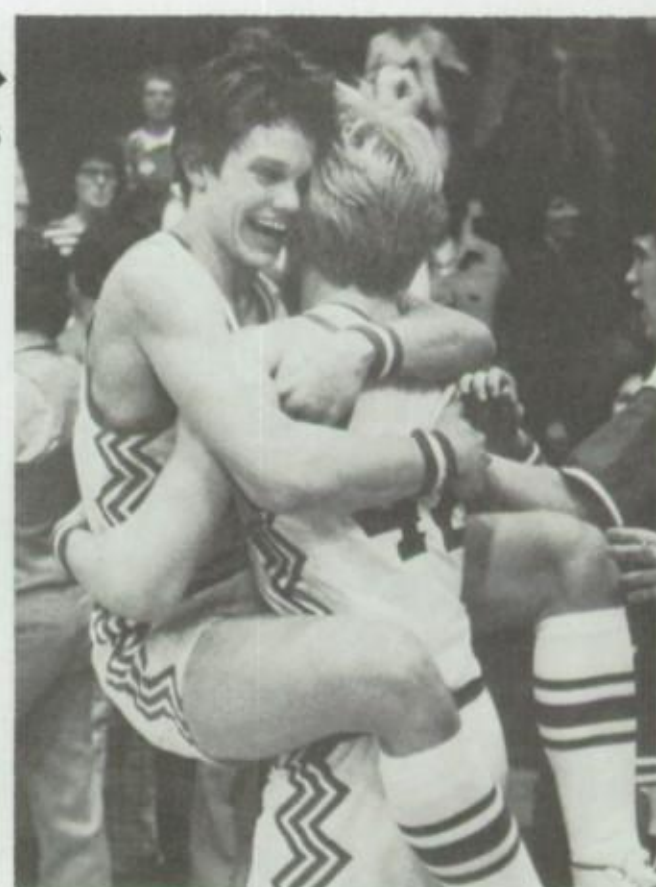

3. Chuck Stahl takes his turn at the net while his teammates cheer him on.

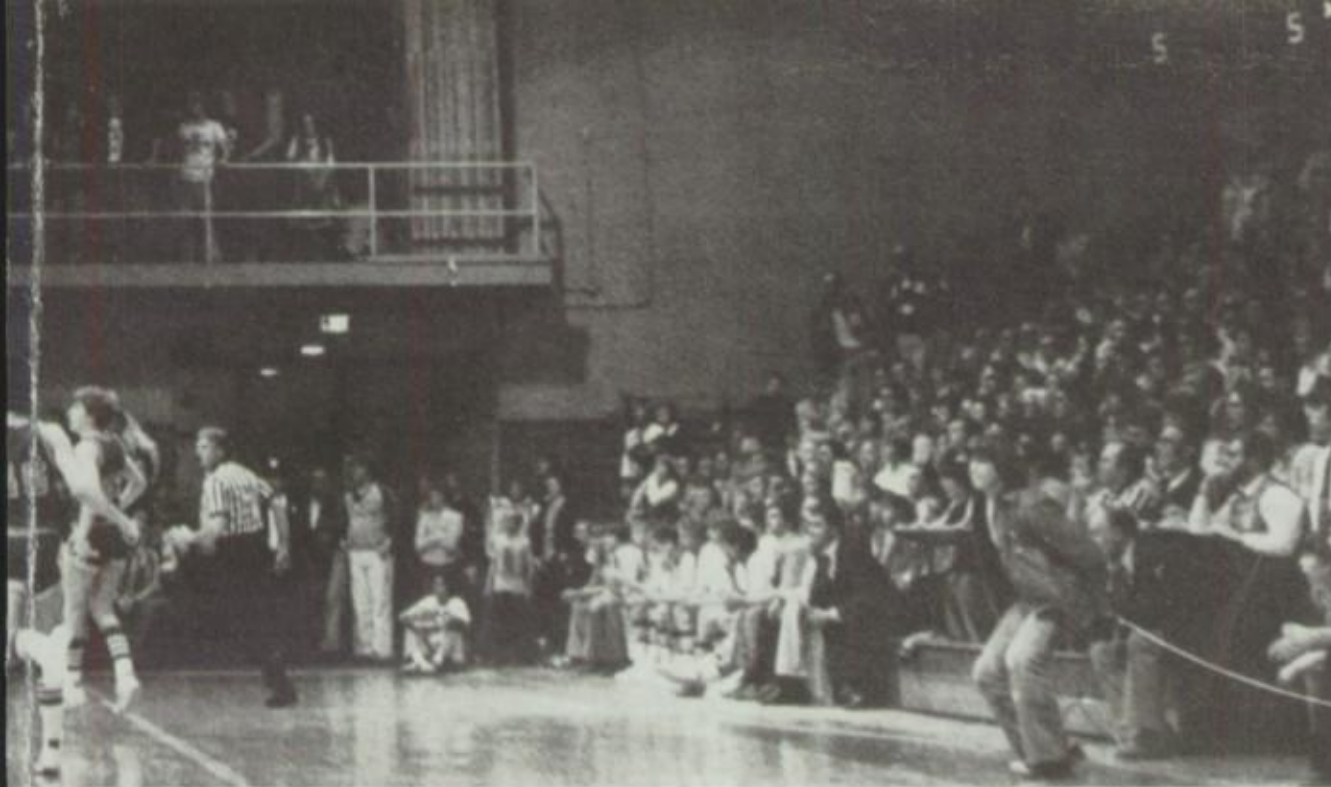

4. Assistant Coach Niekamp, who was a big help to the team, helps to cut down the regional championship net.

5. Gary Will and Mike Post do the only thing that seems natural when reality hits that they are heading for B.G.

1. The chips were down and the Ada Bulldogs couldn't make a comeback, so the Skins head for the district finals.

2. A dream is coming true for the Redskins as Gary Will and Mike Post hold the Regional Champ trophy and are heading for state.

3. Emotions are high as the team receives their individual plaques for being the 1979 Class "A" State Basketball Champs.

4. Mike Post is all smiles after he is awarded the Most Valuable Player in the Class "A" Championship.

5. All of Coach Guilbault's time and hard work really paid off as he finished cutting down the Class "A" Championship net.

STATE CHAMPS

THE WALL OF RED

They came from all directions to vie
here for the state
The Class "A" Semifinals, teams ready
for their fate
One end was filled with scattered blue,
the sides had colors all
But when you looked to those east
stands, you saw that Big Red Wall
It surely must be Summit, or is it
Country Day? It cannot be
St. Henry cause they don't cheer that
way
Why they barely won the District, just
lucky they got here, when
from deep inside the Wall Of Red a
Redskin does appear
The ball goes up, the game begins, and
soon poor Summit's dead
And what a sound comes blazing out
from inside that Wall Of Red
And now the final game is on, the
dreaded Mansfield five
St. Henry will be lucky to leave the
gym alive
The "Spartans" have such size and
speed they leave opponents dead
But little did they reckon with that
screaming Wall Of Red
St. Henry quickly proved that they
could play them to a tie
An even game with ebb and flow, just
watch those ten kids fly
It's little things that win the day and
swing the tide it's said
The Redskins had that little thing, a
roaring Wall Of Red
Hats off to champs with class, no
fluke this win of yours
Soak up the wine of victory, how soft
and sweet it pours.
Your name is now more firmly placed
wherever maps are read
Cause you, the people of the town,
you were that Wall Of Red.

1. The Wall Of Red grew even larger
after the state tourney, as they walked
down Main St. to welcome home the
state champions.
2. Our champs came home to a king's
welcome and a final congratulations
from all of their fans.

3. Gary Will has a few remarks to say
to the fans on how it really feels to
win a State Title.
4. "Frantastic" seems to be the only
word the crowd understands as the
coach comes home with his
tournament hardware from Columbus.

Jr. High Football Cheerleaders: Bottom Row; Karen Bruns, Kim Rienhart, Beth Whitsett, Middle Row; Karen Hartings, Janet Koenig. Top Row; Shelly Slusser.

Varsity Cheerleaders: Bottom Row; Sue Hoying, Jacqui Romer, Lori Sutter. Top Row; Kathy Bruns, Beth Wehrkamp.

This is just one of the many signs the cheerleaders made during the basketball season to hang in the gym to get the fans and players psyched.

The sign shows exactly what the Big Red Machine did. They just kept moving on to be the only undefeated team in the state.

Hard Work And Determination Brings ...

The life of a cheerleader isn't all that people think it is. When most people think of a cheerleader they see all of the glamour, fame and attention. People just don't realize all of the hard work that goes into cheerleading.

First of all you have to go through all of the preparations of trying out and making the squad. After this is accom-

plished you are suddenly a leader and a representative of S.H.H.S. You are leading the school in spirit and you have to try to promote it. It takes a lot of hard work and time to make sure all of your cheers are accurate and precise. But this is only half of their job. They have to get ready for pep assemblies, make signs to hang

around the school, and most important they have to get fans and the team psyched for the big game.

Cheerleading is almost like being in any club or sports; it takes a lot of time, hard work and dedication. The cheerleaders at St. Henry do a tremendous job and we hope it will always be that way.

J.V. Cheerleaders: Bottom Row; Ruth Brunswick, Vicki Liette, Lisa Langenkamp. Top Row: Linda Homan, Mary Schwieterman.

Jr. High Basketball Cheerleaders: Bottom Row; Carolyn Lefeld. Middle Row; Mary Bruns, Teresa Schmitz. Top Row; Leisa Rutschilling, Sue Will, Marg Spangler.

During the District Tournament play, Kathy Bruns watches as the Redskins pull through with a victory.

Jacqui Romer looks on in anguish as the Redskin team goes down in defeat.

Sue Hoying leads a cheer during the State Tournament play to get the crowd cheering.

Happiness and Success

Sue Hoying, Kathy Bruns, and Jacqui Romer wave their red and white towels in victory as the Redskins get closer to the state title.

During the *Homecoming* game cheerleaders Sue Hoying, Lori Sutter, Kathy Bruns, and Beth Wehrkamp stop to take time out to pose for the camera.

One of the senior cheerleaders, Sue Hoying, is preparing to do her part in the cheer. The cheerleaders lead some great cheers and they really did a fine job this season.

Jr. High G.A.A.: First Row; Lucy Sutter, Cheryl Speck, Linda Goettemoeller, Janice Tumbusch, Kim Guilbault, Julie Puthoff, Karen Hartings, Teresa Schmitz, Rosann Siefring, Connie Evers, Marjorie Spangler, Karen Rindler, Lisa Niekamp. *Second Row;* Debbie Meyer, Mary Jo Droesch, Sheila Clements, Nancy Hartings, Beth Stahl, Sue Will, Diane Huelsman, Brenda May, Diane Schoer, Julie Bergman, Diane Abels, Mary Ann Uhlenhake. *Third Row;* Darlene Droesch, Tammy Droesch, Kelly Heitkamp, Lois Knapke, Mary

The cheerleaders borrow some of the fans hardhats before the game to get some spirit flowing through the crowd.

After capturing the *Regional Title*, our mascot, Kim Guilbault, helps to cut down the net.

Girls Shoot A Fine Season

Under the leadership of first year coach, Marv Wourms, the girls finished the season in fine style. The varsity finished with a record of 8-8, while the J.V. made up of freshman gained a lot of experience.

The team also had the support of five stat girls; Janet Lefeld, Karla Romer, Lisa Feliciano, Mary Bensman, and Lynn Speck. These girls really contributed a lot by coming to practices, doing stats, and even filling the water bottles. The girls team is improving every year and is sure to be a tough competitor for the next year's season.

J.V. Basketball: First Row; Judy Siefring, Connie Broerman, Karen Guilbault, Lisa Langenkamp, Sharon Kremer, Chris Bornhorst. Second Row; Coach Marv Wourms, Teresa Schmit, Linda Evers, Lisa Homan, Sharon Reichart, Mary Spangler, Karen Gelhaus, Brenda Koesters.

Linda Evers jumps for the ball while her team-mates look on ready to help her.

Coach Wourms and the rest of the varsity team look on at the action on the floor.

Sandy Will shows her great form as she takes an outside shot during one of the Redskin games.

One of our most experienced outside shooters, Carolyn Stammen, goes up for an outside shot.

The girls are preparing to go to the foul line to swish in another two points for the Redskins.

Baseball Swings To Districts

Seniors; Jim Post, Mike Post, and Gary Will.

This years team was a little handicapped because of the loss of so many seniors. The only returning seniors were Mike Post, Jim Post, and Gary Will. Even with this "handicap", the team still had a fine season ending up with a record of 12-6. The J.V. team also ended the season in style with a winning record.

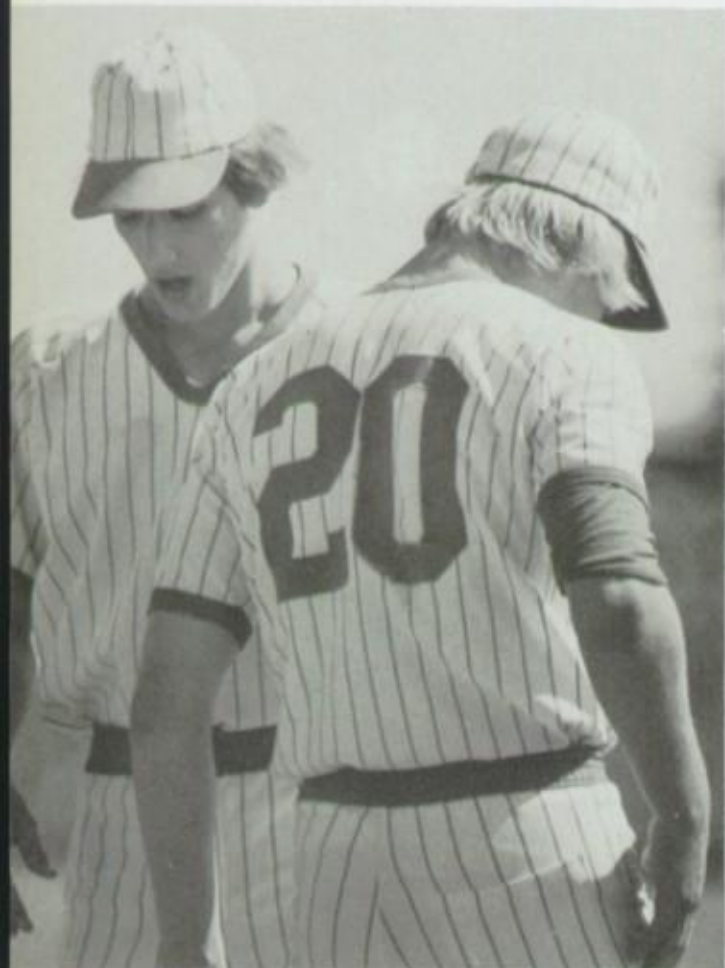

The varsity team made it to the district finals in the tournament. We also had some of our team play in the All-Star game. There are a lot of returning lettermen to the varsity team next year which should add for an exciting season next year.

The boys track team had its most successful season ever, winning the Sectional Meet for the second year in a row, placing seventh at the District Meet, and tied for tenth at the State Track Meet.

The team was lead by four outstanding Seniors, *Tim Braun, Dave Huwer, Jim Niekamp, and Ron Gelhaus*. Dave Huwer set numerous school records and meet records as he earned his fourth varsity awards, award, was named best runner, and MVP for the second time. Tim Braun went undefeated in the discus, set every meet record in the area and was Sectional champion for the second straight year. He was also District champion and capped a brilliant career and season by winning the State Discus Championship.

HIGH SCHOOL TRACK: *First Row; Mark Broerman, Kevin Tumbusch, Pat Klenke, Doug Rinderle, Tom Hemmelgarn, Bob Kemper, Ed Jutte, Kurt Rindler. Second Row; Coach*

Jim Niekamp started fast, but was injured for three weeks, but he still managed to break three school records and win the Sectional pole vault and 120 yard high hurdles.

Ron Gelhaus started off slow, but by the end of the season he had broken the school record in the two mile run by about eight seconds. It was a very good season by the seniors, capped off by the State meet.

Five persons qualified for the State Track Meet in four different events . . .

Jim Lachey — 440 yd. relay

Jerry Nieport — 440 yd. relay

Jim Niekamp — 440 yd. relay & 120 yd. high hurdles

Dave Huwer — 440 yd. relay & 300 meter low hurdles

1. Dave Huwer shows great form and concentration as he takes around his opponent.
2. Tim Braun uses his great strength and technique as he throws the discus.
3. Ron Gelhaus comes in strong as he is towards the end of the long two mile run.

... And Even Better

THE INCREDIBLE HULK — Tim Braun really is not big enough to be called a "Hulk", but he certainly is "Incredible." Tim Braun's success story would not be complete unless you start at the humble beginning. Tim's Freshman year was one of frustration and searching. His best throw in the discus was about 95 ft.; mediocre even for a Freshman. He tried running the mile, but was terrible. Most people would have quit, but he did not. He became determined to be successful in the discus. He bought a discus and started practicing. Tim Braun's Freshman year never really ended, because it started an incredible chain of events that would not stop until May 25, 1979 in Columbus.

Tim's Sophomore year showed improvement as he won his first varsity award and placed seventh at the sectionals. His best throw that season was about 130 ft. Tim now set his goal to be State Champion in the discus.

His Junior year started off badly, but he showed steady improvement and started closing in on the school record. Finally on a cool windy day at the sectional track meet, Tim threw the discus 151'-1" to break the school record and win the sectional.

When Tim's Senior year began there was great anticipation on how much he could improve, but we didn't have long to wait, because the first time he threw the discus he broke both the school record and meet record.

Meet after meet Tim broke the meet record and destroyed the opposition. Tim's closest competitor in a meet was 4'; most of the time he won by 20'. He won the state meet by 7' capping off an incredible season and career from a very humble beginning ... **TIM BRAUN CLASS "A" STATE CHAMPION DISCUS THROWER.**

Senior, Jim Niekamp's concentration and determination made him Sectional Champ, and also gave him sixth place at the District tournament in the pole vault. Dave Huwer skims over the 120 yard high hurdles to capture third place at Sectional tournament and make him eligible for the District tourney.

On the opposite page, Senior Tim Braun uses his superb form to, not only capture the title of State Champion, but also set many new meet records.

Running In Style

Being involved in track takes a person who is willing to give a lot of time and hard work to improve her abilities. The sprinters have to devote their time to getting out of the blocks with quickness, distance girls have to work on improving their stride and strength, and field girls work on their form and consistency. Some people think of track as an individual sport and not as a team sport. Yet, track involved teamwork just like any other sport. It takes each individual on the team to score points to beat the opponent. You need teammates to cheer you on in practice because it is so easy to just "goof off" and forget about running until it hurts. This season the girls had a lot of ups and downs. Capturing Spencerville in the first meet of the season put them off to a good start. After that came the downs. They lost a couple of meets and then the MAC meet came and the girls performed very well. Peg Cahill took first place in the 100 yd. dash, and by placing first she automatically was put on the MAC All-Star team. The County Meet came next and the girls also gave an excellent performance there.

Tournament time came around and many girls performed well enough to go onto Districts. First of all the 880

This team was made up of Lisa Feliciano, Lisa Wehrkamp, Peg Cahill, and Ruth Brunswick. The Mile Relay qualified and the girls on this relay team were Karin Lachey, Judy Nieport, Deb Leistenschneider, and Bonnie Gelhaus. In the 100 yd. dash, Peg

Cahill, and Ruth Brunswick qualified for Districts. In the 220 Peg Cahill qualified. And Ruth Borger qualified for Districts in the 880 yd. run.

The Big Wheel Rolls On

As the school days went on and on, we realized that they passed by us way too fast. There were many days that seemed to drag on forever, especially when you got stuck in a room without a clock to stare at. And then there were Fridays, the day every high school student looks forward to.

The school says of 78-79 will always be behind us, but yet there will always be memories that we can treasure. How can the Freshmen ever forget their first day of high school, walking into the school not knowing where to go or what to do. And the Sophomores on the day their class rings came in. What about the Juniors getting ready for their first prom ... pretty exciting. Of course we'll never forget the Seniors on their big day ... Graduation.

Even though each grade had their own special memories, there still are the many memories everyone will share. Walking into a "new" school on the first day with the walls painted, carpeting on the stairs, and best of all, locks on the lockers. Then as the day went on we found out about our new science teacher, Mr. Bill Zink.

Soon the first week of school was gone, and everyone was now on their way. The football team and the band were getting ready for the games, the volleyball team was working hard all week long, and the cross country team was running up to six miles a day preparing for their meets. All of the clubs were meeting and getting the new members involved. The teachers were preparing their lesson plans, and the students were beginning to get into the swing of studying again. Yes, everything was going smoothly.

As the year went on there were many, many memories that everyone will always cherish in their hearts; for these were the "good ol' high school days" that no one ever forgets.

As co-editors of the Pow-Wow, we would like to thank everyone for their cooperation through out this school year. We would also like to wish everyone the very best of luck in the future.

Co-editors;
Lisa Stahl
Karin Lachey

The football team is getting their "pep talk" from Coach Shively, before a big game. Cary Goettemoeller looks a little surprised by our camera while starting the school tractor. Senior advisor, Mr. Bob Miller, helps Senior class officers, Ted Siefring and Beth Wehrkamp, get ready for Graduation. Lyle Stieg talks to the student body as Coach Guilbault watches in the background.
